## **PREFACE**

The following policies of Unified School District (USD) 381 are the result of a combined effort of the staff at the Kansas Association of School Boards, the Board of Education, and district staff.

KASB has written the policy models and integrated appropriate policies and procedures being used locally. Upon the completion of the first draft of this manual, KASB staff consulted with the board and/or selected district staff members to arrive at the final draft. This final draft was then adopted by the board.

### **Understanding the Policy System**

**Policies:** principles adopted by the school board to chart a course of action. They tell what is wanted by whom and may include also why and how much. They should be broad enough to provide the administration with flexibility and guidance in handling the day-to-day issues which arise. They also should be narrow enough to give the administration clear guidance.

This philosophy was incorporated into the thinking that produced the model and guided the board and the district's staff in developing the final, adopted policies.

A binder contains these thirteen sections of policies. These sections are:

- A -- SCHOOL DISTRICT ORGANIZATION**
- B -- SCHOOL BOARD OPERATIONS**
- C -- GENERAL SCHOOL ADMINISTRATION**
- D -- FISCAL MANAGEMENT**
- E -- BUSINESS MANAGEMENT**
- F -- FACILITY EXPANSION PROGRAM**
- G -- PERSONNEL (Licensed and Non-Licensed)**
- H -- NEGOTIATIONS**
- I -- INSTRUCTIONAL PROGRAM**
- J -- STUDENTS**
- K -- GENERAL PUBLIC RELATIONS**
- L -- INTERORGANIZATIONAL RELATIONS**
- M -- RELATIONS WITH OTHER EDUCATION AGENCIES**

The purpose of policy is to guide the board, administrators, and other staff in operation of the district.

### **The Index**

The index is designed to help the user find the subject described in the appropriate policy.

### **When Using This Manual**

Proper use of this manual includes, looking up the subject matter in the index or tables of contents at the front of each section and proceeding to the policy section first. Proceed to the alpha code in the appropriate section and read the policy. Once this is done, cross-references should also be read if the desired subject is cross-referenced to any other policy.

### **State Law and Negotiated Contracts**

Policies do not contain any statutory language or citations or negotiated contract language unless necessary. They exist in separate documents which should be consulted as needed. If there is doubt about the subject being considered, guidance should be sought from the superintendent or another administrative staff member.

**DFE     Investment of Funds**

**DFE**

The investment of school district monies shall be the responsibility of the superintendent, business manager, and/or the district treasurer.

Any monies not immediately required for the purposes for which the monies were collected or received may be invested as provided by current statute.

**Posting Securities**

All investments of district monies shall be secured to 100% of the amount of district monies by F.D.I.C. coverage, a pledge of direct federal obligations, or direct guaranteed federal agency deposits in accordance with requirements of state law. Exceptions to the required posting of securities shall be only as provided by law and with approval of the board.

All offerings of monies for investment shall state the amount to be invested and the maturity date of each investment.

All banks and savings and loan associations (hereafter “financial institution(s)”) with main or branch offices located within the county or adjoining counties of the district shall be given an opportunity to respond to requests for proposals on monies offered for investment. All responses shall be directed to the superintendent and shall be specified on the basis of simple interest.

**Distribution of monies for investment shall be as follows:**

The treasurer or other person designated by the board shall inform each eligible financial institution of the total amount of money to be invested on a specified date and the maturity date of the investment. Each financial institution responding shall submit a single proposal of the rate of interest it would pay on all or part of the funds to be invested.

Monies shall be invested with the financial institution offering the highest interest rate in such amount as the financial institution will accept, and any remaining amounts shall be invested with the financial institution(s) offering the next highest interest rates in such amounts as it will accept until all funds offered for investment are invested. No financial institution shall be eligible to receive any funds in the same offering at a rate lower than its proposal rate.

No proposal less than the most recently determined investment rate as defined in K.S.A. 12-1675a shall be accepted unless otherwise authorized by K.S.A. 12-1675. No funds will be invested for maturities of more than two years.

Any monies not otherwise invested in eligible financial institutions located in the district due to their inability, for whatever reason, to accept the funds, shall be invested in secured deposits in financial institutions which have offices located in counties in which a part of the school district is located.

Any monies not invested in financial institutions in the district or located in counties in which a part of the school district is located may be invested as authorized by Kansas law.

Monies available for reinvestment as a result of maturities may be reinvested with the financial institution holding such monies provided the financial institution agrees to pay the same or higher rate as that offered by the highest proposal at the time the requests for proposals were accepted.

In the event of identical high proposals, the allocation of monies to be invested between the financial institutions offering the high proposals shall be at the discretion of the superintendent.

The treasurer shall record the following information: the date of each request for proposal; the name of each financial institution notified; the name of the officer notified; the proposal; the amount of monies the financial institution is willing to accept at the rate proposed.

To be eligible to receive invested funds or deposits from the district, any otherwise eligible financial institution shall have on file in the office of the district treasurer a letter requesting its inclusion in any request for proposal and providing proper assurance of compliance with requirements of applicable laws and board policy relating to maintenance of proper security and assurance of its membership in good standing consistent with current federal regulations. KASB Recommendation – 2/98; 8/98; 7/03; 6/04; 4/07; 6/15; 12/18; 6/21

The board of education is committed to providing a positive and productive working and learning environment, free from discrimination, including harassment, on the basis of race, color, national origin, or disability. Racial and disability harassment will not be tolerated in the school district. Racial or disability harassment of employees or students of the district in any district education program or activity is strictly prohibited.

Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. Disability harassment is unlawful discrimination on the basis of disability under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial and disability harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events.

It shall be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Violations of this policy by any employee shall result in disciplinary action, up to and including termination.

Harassment prohibited by this policy includes racially or disability-motivated conduct which:

- Affords an employee different treatment, solely on the basis of race, color, national origin, or disability, in a manner which interferes with or limits the ability of the employee to participate in or benefit from the services, activities or programs of the school;
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile working environment;
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with an individual's work performance or employment opportunities.

Racial or disability harassment may result from verbal or physical conduct or written or graphic material.

The district encourages all victims of racial or disability harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of racial or disability harassment will be promptly investigated and resolved.

Employees who believe they have been subjected to racial or disability harassment should discuss the problem with their immediate supervisor. If an employee's immediate supervisor is the alleged harasser, the employee should discuss the problem with the building principal or the district compliance coordinator. Employees who do not believe the matter is appropriately resolved through this meeting may file a formal complaint under the district's discrimination complaint procedure in policy KN.

**GAACA      Racial and Disability Harassment: Employees**

**GAACA-3**

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definition outlined above. Unacceptable conduct may or may not constitute racial or disability harassment,

depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Any employee who witnesses an act of racial or disability harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Employees who fail to report complaints or incidents of racial or disability harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of racial or disability harassment may also face disciplinary action, up to and including termination.

Initiation of a complaint of racial or disability harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving a racial or disability harassment complaint is prohibited. Any person who retaliates is

**GAACA      Racial and Disability Harassment: Employees**

**GAACA-4**

subject to immediate disciplinary action, up to and including termination from employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

False or malicious complaints of racial or disability harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy shall be posted in each district facility and shall be published in employee handbooks and on the district's website as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

KASB Recommendation – 8/98; 7/03; 4/07; 9/12; 6/15; 12/18; 6/21

Any district employee who has reason to know or suspect a child has been injured as a result of physical, mental or emotional abuse or neglect or sexual abuse, shall promptly report the matter to the local Kansas Department for Children and Families (DCF) office or to the local law enforcement agency if the DCF office is not open. Employees may file a report of suspected abuse anonymously to either DCF by phoning 1-800-922-5330 or to local law enforcement officials. The Code for Care of Children also provides civil immunity from prosecution if the report is made in good faith.

The employee making the report will not contact the child's family or any other persons to determine the cause of the suspected abuse or neglect.

#### DCF or Law Enforcement Access to Students on School Premises

The building principal shall allow a student to be interviewed by DCF or law enforcement representatives on school premises to investigate suspected child abuse and shall act as appropriate to facilitate the agency's access to the child and to protect the student's interests during the process. State law grants the investigating agency the authority to determine whether a school employee may be present while the interview is being conducted, taking into account the child's best interests. If asked to sit in on the interview by the agency representative conducting it, the building principal or designee thereof shall oblige such request in order to provide comfort to the child throughout the process and to facilitate the investigation.

#### Cooperation Between School and Agencies

Principals shall work with DCF and law enforcement agencies to develop a plan of cooperation for investigating reports of suspected child abuse or neglect. To the extent that safety is not compromised, law enforcement

officers investigating complaints of suspected child abuse or neglect on school property shall not be in uniform.

#### Reporting Procedure

The employee shall promptly report to the local DCF office or law enforcement if DCF is closed. It is recommended the building administrator also be notified after the report is made.

If the building principal has been notified, the principal shall immediately notify the superintendent that the initial report to DCF has been made. If appropriate, the principal may confer with the school's social worker, guidance counselor or psychologist. At no time shall the principal or any other staff member prevent or interfere with the making of a suspected child abuse report.

If available, the following information shall be given by the person making the initial report: name, address and age of the student; name and address of the parents or guardians; nature and extent of injuries or description of neglect or abuse; and any other information that might help establish the cause of the child's condition.

Any personal interview or physical inspection of the child by any school employee shall be conducted in an appropriate manner with an adult witness present.

State law provides that anyone making a report in good faith and without malice shall be immune from any civil liability that might otherwise be incurred or imposed.

The board of education is committed to limiting the use of Emergency Safety Intervention (“ESI”), such as seclusion and restraint, with all students. This policy shall be made available on the district website with links to the policy available on any individual school pages. **Emergency Safety Interventions**

**GAAF-4**

- o Any device used by a certified law enforcement officer to carry out law enforcement duties; or
- o Seatbelts and other safety equipment when used to secure students during transportation.

**Use of Emergency Safety Interventions**

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

**ESI Restrictions**

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical

condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not

**GAAF      Emergency Safety Interventions**

**GAAF-5**

subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

**Notification and Documentation**

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local

dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

#### Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of

#### **GAAF      Emergency Safety Interventions**

**GAAF-8**

this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

#### Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. The documentation shall include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,

- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and
- Whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

## **GAAF      Emergency Safety Interventions**

**GAAF-9**

### Reporting Data

District administration shall report ESI data to the state department of education as required.

### Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an

individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral

**GAAF      Emergency Safety Interventions**

**GAAF-10**

assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

**Local Dispute Resolution Process**

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the

informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30<sup>th</sup> day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

The district will participate in workers compensation as required by current statute. The combined workers compensation benefits and salary received under allowed paid leave shall not exceed one full day's pay.

All employees of the district shall be covered by workers compensation. Workers compensation coverage is provided for all employees regardless of assignment, length of assignment, and/or hours worked per day. Benefits are for personal injury from accident or industrial diseases arising out of and in the course of employment in the district.

An injured employee must notify the designated employer's workers compensation coordinator or, if the coordinator is unavailable, his or her supervisor within 20 days of the injury or within 20 days of repetitive trauma in order to be eligible for benefits.

The workers compensation plan will provide coverage for medical expenses and wages to the extent required by statute to those employees who qualify; however, the amount of workers compensation benefits and paid leave benefits shall not exceed a regular daily rate of pay. An employee using paid leave in combination with workers compensation will be charged for one full or partial day of paid leave, as provided for in the applicable leave policy or the negotiated agreement, for each day of absence until the employee's paid leave is exhausted.

Any employee who is off work and receiving workers compensation benefits shall be required to provide the designated workers compensation

## **GARID Military Leave**

## **GARID**

Employees are entitled to military leave under the Uniformed Services Employment and Reemployment Rights Act of 1994. The Act applies to military service that began on or after December 12, 1994 or military service that began before December 12, 1994 if the employee was a reservist or National Guard member who provided notice to the employer before leaving work.

Reemployment rights extend to persons who have been absent from work because of “service in the uniformed services.” The uniformed services consist of the following military branches:

Army, Navy, Marine Corps, Air Force or Coast Guard.	
Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force or Coast Guard Reserve.	Reserve
Army National Guard or Air National Guard.	
Commissioned corps of the Public Health Service.	
Any other category of persons designated by the President in time of or emergency.	war

“Service” in the uniformed services means duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty.
- Active duty for training.
- Initial active duty for training.
- Inactive duty training.
- Full-time National Guard duty.
- Absence from work for an examination to determine a person’s fitness for any of the above types of duty.

The employee may be absent for up to five (5) years for military duty and retain reemployment rights. There are, however, exceptions which can exceed the five (5) year limit. Reemployment protection does not depend on the timing, frequency, duration or nature of an individual’s service. The law enhances protections for disabled veterans including a requirement to provide reasonable

accommodations and up to two (2) years to return to work if convalescing from injuries received during service or training.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for military service, with the same seniority, status and pay, as well as other rights and benefits determined by law. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the individual is performing military service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-military leaves of absence. Individuals performing military duty of more than 30 days may elect to continue employer sponsored health care for up to 18 months at a cost of up to 102 percent of the full premium. For military service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions which are a reward for length of service are protected.

Individuals must provide advance written or verbal notice to their employers for all military duty. Notice may be provided by the employee or by the branch of the military in which the individual will be serving.

Notice is not required if military necessity prevents the giving of notice; or, if the giving of notice is otherwise impossible or unreasonable.

Accrued vacation or annual leave may be used (but is not required) while performing military duty. The individual's timeframe for returning to work is based upon the time spent on military duty.

**TIME SPENT ON  
MILITARY DUTY****RETURN TO WORK OR APPLICATION FOR REEMPLOYMENT**

---

Less than 31 days:	Must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight (8) hour rest period.
More than 30 but less than 181 days:	Must submit an application for reemployment within 14 days of release from service.
More than 180 days:	Must submit an application for reemployment within 90 days of release from service.

The individual's separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- the application for reemployment is timely;
- the five-year service limitation has not been exceeded; and
- separation from service was under honorable conditions.

If documentation is not readily available or does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions should be directed to Veterans' Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.

KASB Recommendation 9/97; 4/07; 6/08; 6/09; 6/10; 12/18

The board encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

### Definitions

“Communication device” is defined to include all portable devices that send or receive calls or text messages, allow the retrieval of email, or provide access to the Internet. Communication devices shall include, but may not be limited to cell phones, smart phones, iPads, and tablets.

“Use/Using” for the purposes of this policy mean answering or talking on the phone; sending or responding to a text, e-mail, or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; accessing social media websites; playing games on such device; continuously checking a communication device; or any activity with a communication device that interferes with the employee’s job duties or appropriate supervision of students.

### General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's

supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district. Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students and the provision of academic instruction are priorities in the district, and employees who are responsible for supervising and/or providing academic instruction to students must concentrate on these tasks at all times. Employees shall not use communication devices when they are responsible for supervising students or when their doing so interrupts or interferes with classroom instruction unless any of the following conditions occurs:

- The device is being used to instruct the students being supervised at the time;
- The use is necessary to the performance of an employment-related duty;
- The employee has received specific and direct permission from a supervisor to do so; or
- There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

#### Use in Vehicles

Regardless of other provisions of this policy, unless there is an emergency, employees shall not use communication devices when:

- Driving district-provided vehicles;
- Operating a vehicle in which a student is being transported when the transportation is provided as part of the employee's job; or

#### **GAT    Staff Use of Communication Devices**

**GAT-3**

- Supervising students who are entering or exiting a vehicle, crossing thoroughfares, or are otherwise attempting to safely reach their destinations.

Even in emergency situations, employees should first take all possible safety precautions before using communication devices. Employees are subject to local, state, and federal laws governing use of cell phones while driving and will be solely responsible for all traffic violation liabilities resulting from their use of a phone while driving.

#### Use of District-Provided Communication Devices

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.

**Personal Use of District-Provided Communication Devices**

Personal use of district-provided communication devices is permissible as long as the use does not exceed the limits of the applicable plan. An employee whose use exceeds plan limitations will be required to reimburse the district for all expenses beyond those covered by the plan and may have privileges suspended or revoked unless the employee can show that all use was for employment-related duties and the device was not used for personal reasons. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount.

**Staff Bring Your Own Device Policy**

Use of employees' personal communication devices during work hours shall be restricted to classroom or work-related activities. Such personal communication devices may only be used by the staff member and are not for student use. The security of personal computing devices is solely the responsibility of the staff member. Any loss resulting from damage or theft of personal communication devices in the school setting is not the responsibility of the district.

Practice for students to develop abilities in critical thinking, communication, mathematics and science skills.

Information which helps students develop an appreciation of American cultural, ethnic and racial diversity and balanced views concerning international, national, state and local issues and problems; and

Sufficient flexibility for meeting the special needs of individuals and groups.

The superintendent shall develop selection procedures which meet the above criteria, which shall include a review of available material by appropriate staff members.

**Selection Criteria: Media Center Materials**

Materials shall be chosen for accuracy, artistic quality, format and authoritativeness.

**IF Textbooks, Instructional Materials and Media Centers****IF-2**

If the issue outlined in the request is not resolved after review by the superintendent, the requestor may seek review by the board. If the board chooses to consider the request, it shall forward all appropriate written materials to a review committee.

#### Composition of Review Committee

When a review committee is established to handle requests for review concerning textbooks, media center or instructional materials, the review committee shall be composed of:

The building principal, library media specialist, two subject area specialists, two community members, and one student. If the request for review proposes that the material is inappropriate for minors, the student representative may be left off the committee. The superintendent shall be responsible for appointing review committee members, unless otherwise determined by the board on a case-by-case basis.

#### Purview of Review Committee

The review committee shall examine and evaluate the material as a whole; consider the district's policy, procedures, and philosophy for selection of textbook, instruction materials, and media center materials; weight strengths and weaknesses; and form opinions based upon the selection criteria.

#### **IF Textbooks, Instructional Materials and Media Centers**

**IF-4**

If the board receives simultaneous challenges of multiple material or if circumstances render the 30-day timeline impracticable, the board may extend the committee's deadline to complete its review.

No reviews will be conducted during summer break or when school is not in session for one week or longer. The timeline for any review shall be tolled during such breaks.

#### Board Review and Action

The board shall review the recommendation of the review committee within 30 days of receipt thereof and may accept the review committee's recommendation, reject the review committee's recommendation, or make its own determination regarding the challenged book or material.

The decision of the board is final.

#### Removing Challenged Materials

#### Impact of Simultaneous Requests

If more than one request for review is received simultaneously, or, if one or more requests for review is received while another review is pending, timelines established in this policy may be extended by the superintendent or the board to allow the requests to be processed in turn. When more than one request for review is received on the same book or material, such requests may be consolidated to reduce redundancy in review at any stage of this process.

**IIA      Performance-Based Credits****IIA**

A student may earn credits towards high school graduation by demonstrating mastery of the course outcomes through a performance instrument. The standards for designing and passing the performance instrument shall be set sufficiently high to ensure credits earned by such means shall be equivalent to those offered in the framework of the Carnegie unit.

A written request to “test out” of a class must be submitted prior to the beginning of each semester/year. A student may not request to “test out” of a class in which he or she is currently enrolled or has been enrolled.

The request is to be evaluated within 30 school days by a review committee composed of: a building administrator, a school counselor, a faculty member appointed by the principal and the students’ parent(s) or guardian(s).

If the request is approved, the course instructor will have 30 school days to design a performance instrument that reflects mastery of all course outcomes. Commercially available instruments may be used if they cover all course objectives. A performance instrument shall be approved by the principal. The principal, in consultation with the instructor, will determine the setting and the timelines for the administration of the instrument, as well as the criteria for successful completion of those tasks.

The student has 10 school days in which those designated tasks developed by the teacher and approved by the administration must be performed.

Credit for such classes shall be awarded only on a pass/fail basis. Students will be allowed only one opportunity to “test out” of any particular class. It will not be the responsibility of the school or the instructor to provide instructional and/or review time for the student. However, the outcomes, as noted in the district curriculum guide, and class syllabus will be made available.

**IIA      Performance-Based Credits****IIA-2****Graduation Credit Through Integrated Coursework**

The board may allow graduation credit for integrated academic or career and technical education course work. The teacher awarding academic credit shall be fully licensed and may work collaboratively with another instructor to develop a course plan for instruction. Each approved alternative educational opportunity with a sponsoring entity shall be managed and directed by a licensed teacher employed by the school district. The teacher may work collaboratively

with the principal, the sponsoring entity, or another teacher to develop a course plan for instruction with learning outcomes identified. The principal shall provide a report annually, or as requested, to the superintendent evaluating the additional educational opportunity provided to participating students and making recommendations to the superintendent on continuation, termination, or modification of the opportunity.

#### Processes for Submitting a Proposal for an Additional Educational Opportunity

Sponsoring entities wishing to partner with the district to provide additional educational opportunities to students, shall submit a proposal to the superintendent outlining the contact information and credentials of the person(s) that would be working directly with the student participants in this experience; educational goals for the partnership; any time, place, manner, and number of participant restrictions regarding how the learning opportunity would be provided; proposed learning outcomes for participating students; and any details regarding prerequisite coursework, certification, or experience a candidate for this experience should possess prior to entering the program.

#### Criteria for Evaluating Such Proposals

### **IIA      Performance-Based Credits**

### **IIA-4**

Prior to making a recommendation to the board on whether the district should partner with or continue to partner with a sponsoring entity, the superintendent shall review the proposed alternative educational opportunity in comparison with the board approved curriculum and goals, consulting other staff members as necessary in that process. Before recommending action to continue such partnership from year-to-year, the superintendent may seek and shall review any available reports on the opportunity provided by the principal in accordance with this policy.

The board should consider the recommendation of the superintendent in determining whether to partner with or continue partnership with a sponsoring entity. In order for the board to partner with a

sponsoring entity and to maintain such partnership, the sponsoring entity must first meet the eligibility requirements as outlined in this policy.

Additional considerations weighing into the decision to partner with a sponsoring entity may include, but may not be limited to: whether the learning experience meets the curricular, rigor, and relevance needs of the student and/or the district; qualifications, experience, reputation, and responsibility of the sponsoring entity and/or individuals that would be working directly with students; related costs for the district, regarding the provision of transportation, equipment, human resources to monitor the experience, etc.; space and time constraints if the experience will be provided in district facilities; student and staff safety; the need for and/or availability of insurance coverage, as applicable; effect on other district course offerings and activities; and student interest. As the welfare of students is of paramount importance to the board, the district reserves the right to complete background checks on any individuals

working directly with students on behalf of the sponsoring entity and to base decisions on entering or exiting such a partnership, in whole or in part, on the results thereof.

### Determining the Course Credit that May Be Earned Through These Opportunities

The superintendent may develop procedures for review of the experience and the award of credit in accordance with board approved curriculum. The superintendent may award credit for the experience as deemed appropriate for district elective offerings based on meeting local standards for those offerings. In order for any alternative educational experience to be approved for credit in a state-required course, such experience must meet all applicable statutory, regulatory, and Kansas State Board of Education approved standards for award of such credit.

### State Reporting Requirements

The superintendent or the superintendent's designee shall make reports to the Kansas State Department of Education as required thereby. Such reports will include information regarding the alternative educational opportunities offered at each school, the names of sponsoring entities, the number of students participating in such opportunities, and credits earned.

#### Penalties for Improper Use

Access to the network and Internet is a privilege, not a right, and inappropriate use will result in the restriction or cancellation of the access. The school district has the right to make the determination of what constitutes inappropriate use and use as an educational tool. Inappropriate use may lead to any disciplinary and/or legal action, up to and including suspension and/or expulsion of district students and suspension and/or termination of employees. Law enforcement shall be notified of inappropriate use which may constitute a violation of Federal or state law, and such use may result in criminal prosecution.

Employees are encouraged to use district electronic mail and other district technology resources to promote student learning and communication with parents of students and education-related entities. If those resources are used, they shall be used for purposes directly related to work-related activities. Technology-based materials, activities, and communication tools shall be appropriate for and within the range of the knowledge, understanding, age, and maturity of students with whom they are used.

District employees, including, but not limited to, classroom teachers and extracurricular activity coaches and sponsors, may set up blogs and other social networking accounts using district technological resources and following district policy and guidelines to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction. Social networking sites and other online communication options offering instructional benefits may be used for the purpose of supplementing classroom instruction and to promote communications with students and parents concerning school-related activities.

In order for district employees and activity sponsors to utilize a social networking site for instructional, administrative, or other work-related communication purposes, they shall comply with the following:

1. They shall request prior permission from the superintendent or the superintendent's designee.
2. If permission is granted, staff members will set up the site following any district guidelines developed by the superintendent and approved by the board. If the expenditure of district funds is required to complete the set-up or maintenance of the site, the requesting staff member shall present an itemized summary of such costs to the

- superintendent. Superintendent approval shall be required prior to the expenditure of district funds for such purpose.
3. Guidelines shall specify whether access to the site must be given to school/district administrators and technology staff.
4. If written parental consent is not otherwise granted through acceptable use policy forms provided by the district, staff shall notify parents of the site and obtain written permission for

students to become “friends” of the site prior to the students being granted access. This permission shall be kept on file at the school as determined by the principal.

5. Once the site has been created, the sponsoring staff member is responsible for the following:
  - a. Monitoring and managing the site to promote safe and acceptable use and compliance with district policies; and
  - b. Observing confidentiality restrictions concerning release of personally identifiable student information under state and federal law.

Staff members are discouraged from creating personal social networking accounts to which they invite current or future students to be friends. Employees taking such action do so at their own risk. All employees shall be subject to disciplinary action if their conduct relating to use of technology or online resources violates this policy or other applicable board policy, statutory, or regulatory provisions governing employee conduct or the protection of student record information; or if it impairs the staff member’s job performance or effectiveness in the work setting. District staff shall endeavor to protect the health, safety, and emotional well-being of students and confidentiality of student record information both in the school setting and in their online actions. Conduct in violation of this policy, including, but not limited to,

**IKD     Religion in Curricular or School Sponsored Activities**  
(See AEA, IF, IKDA and KN)

**IKD**

No religious belief or non-belief shall be promoted or disparaged by the district or its employees. Students and staff should be tolerant of each other's religious views. Students and staff members may be excused from participating in practices contrary to their religious beliefs unless there are clear educational issues of overriding concern which prevent it.

Teaching About Religion

Teachers may teach about religion, religious literature and history but are prohibited from promoting, expounding upon, criticizing or ridiculing a religion. Religious texts may be used to teach about religion, but the use of religious texts is prohibited if used to promote a particular religious doctrine.

Religion in the Curriculum and School Activities

In compliance with this policy, religious themes may be presented in the curriculum and as part of school activities. Music, art, literature and drama having a religious theme or basis are permitted as part of the curriculum or as part of a school activity if they are presented in a balanced and objective manner and are a traditional part of the cultural and religious tradition of a particular holiday or field of study. The emphasis on religious themes in the arts, literature and history should be only as extensive as necessary for a balanced and thorough study of these areas. These studies should never foster any particular religious tenets or demean any religious beliefs or non-beliefs.

Religious Symbols in the Classroom

Temporary display of religious symbols is permitted as part of the curriculum. The temporary use of religious symbols such as a cross, menorah,

crescent, Star of David, creche, symbols of native American religions or other symbols that are a part of a religious holiday are permitted as a teaching aid if they are displayed as an example of a holiday's cultural and religious heritage.

**Religious Holidays**

KASB Recommendation – 6/04; 4/07; 12/18

A parent or guardian (or a student eighteen years of age or older) may request that the student be excused from participating in activities for religious reasons. The parent, guardian, or adult student must complete the district opt-out form for religious objections, stating the specific activity, the portion of the curriculum in which the activity exists, and the reasons for the request. The request may be granted, or denied, or partially granted and partially denied.

This policy shall not be interpreted to allow parents to prevent the dissemination of information which parents find religiously objectionable. Rather, this policy only extends to actual participation by their child in an activity, the performance of which is contrary to the child's religious teachings.

A parent or guardian seeking to opt-out their child from activities contrary to the child's religious teachings must complete the district's Activity Participation Opt-Out Form regarding religious objections which is available in the board office. Parents desiring to opt-out their children from activities due to religious reasons must return the completed and signed form to the principal. The form must be submitted within a reasonable amount of time prior to the scheduled activity in order to allow time for the principal to consider the request. The completed form shall be kept on file with the clerk and the superintendent shall receive a copy.

The principal shall review the request and determine whether the request should be granted or denied. The principal shall notify the parents of the decision within a reasonable amount of time after the request is submitted.

If the parents are dissatisfied with the principal's decision, they may appeal in writing to the superintendent.

If the opt-out request is granted, students who opt-out of activities for religious reasons may still be required to view the activity, to learn the subject matter of the activity, or to discuss the activity. The student may be reassigned during the activity or given alternative class assignments.

Opt-out requests must be submitted annually and are valid only for the school year in which they are submitted.

**JA**

These student policies are designed to prevent misunderstanding by students about their rights and responsibilities. The ideas and recommendations of students shall be considered when adopting policies, rules, and regulations governing the conduct of students and their rights and responsibilities.

All student handbooks shall be consistent with board policy, approved by the board, and adopted, by reference, as a part of these policies and regulations.

**JB     Attendance Records** (See JBC, JBD, and JBE)

**JB**

Daily attendance records shall be maintained for each student in each school. The primary responsibility for recording attendance shall be assigned to teachers using forms prescribed by the superintendent. A cumulative attendance record for each student shall also be maintained.

The superintendent shall include attendance data in an annual report to the board. Attendance problems shall be reported to the board as necessary.

Approved: 4/8/2019

KASB Recommendation—7/96; 4/07; 12/15; 12/18

**Resident Students**

A “resident student” is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. Children who are “homeless” as defined by Kansas law and who are located in the district will be admitted as resident students. For purposes of this policy, “parent” means the natural parents, adoptive parents, step-parents, and foster parents. For purposes of this policy, “person acting as a parent” means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support, or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

**Non-resident Students**

Non-resident students are those who do not meet the definition of a resident student. Although the district is not required to admit non-resident students, non-resident students may be admitted to the extent that staff, facilities, equipment, and supplies are available. Other criteria regarding students seeking non-resident student admittance may be considered prior to acting on any annual non-resident student application as specified in this policy.

**Non-resident Students-Continued Enrollment**

Non-resident students admitted to the district shall be evaluated each spring by district administration on the following criteria: whether the student made academic progress; regularity and

punctuality of attendance; and disciplinary record, specifically whether the student complied with the student conduct code and avoided 1) major disciplinary problems and/or 2) a large number of referrals for minor disciplinary problems.

Students may be readmitted or denied admission for the next school year based on the results of these evaluations. However, if the student has a disability, the student’s ability to meet these expectations

shall be considered prior to denying continued enrollment in the district. Parents shall be informed of any administrative decision on non-resident student applications no later than \_\_\_\_\_.

#### Enrollment Restriction

Unless approved in advance by the board, no student, regardless of residency, who has been suspended or expelled from another school district will be admitted to the district until the period of such suspension or expulsion has expired.

#### Enrollment Procedures

The superintendent shall establish orderly procedures for enrolling all students, including pre-enrollment, changes in enrollment, normal enrollment times, and communication to parents and to the public.

#### Part-Time Students

The board allows any child to enroll part-time in the school district to allow the student to attend any courses, programs, or services offered by the school district if the child:

### **JBC Enrollment**

### **JBC-3**

- Is also enrolled in a nonaccredited private elementary or secondary school or in any other private, denominational, or parochial school as required by law;
- Requests to enroll part-time in the school district; and
- Meets the age of eligibility requirements for school attendance.

District administrators shall make a good faith attempt to accommodate scheduling requests of students enrolling in the school district in these situations but shall not be required to make adjustments to accommodate every such request.

Part-time students, other than those specified previously in this policy may enroll with the administration's permission if they complete all paperwork in a timely fashion and are in attendance no

later than \_\_\_\_\_. (Insert date) Such part-time students may be admitted only to the extent that staff, facilities, equipment, and supplies are available and the students follow the district's student conduct policies and rules.

#### Identification of Students

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate, a certified copy of the court order placing the child in the custody of the Secretary of the Department for Children and Families, or other documentation which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript, similar pupil records or data, or other documentary evidence the board deems satisfactory.

#### **JBC     Enrollment**

**JBC-4**

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

#### Enrollment Information

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate or as changed by a court order and the name, address, and telephone number of the lawful custodian. The records shall also provide proper proof of identity.

#### Assignment to a School Building, Grade Level, or Classes

Unless otherwise provided herein, the superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent.

If required by law, students placed in foster care or students who are homeless may be educated in their “school of origin” instead of the building corresponding to the assigned attendance area. (For definition of “school of origin”, see regulations for JBCA and JBCB.)

Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the

**Note: The reader is encouraged to review regulations and forms for related information.**

When a student is absent from school, an attempt shall be made to contact the parent or guardian to determine the reason for the absence. The principal has been designated to determine the acceptability and validity of excuses presented by the parent(s) or the student.

Procedures for notifying parents on the day of a student's absence shall be published in the student handbook.

#### Excused/Unexcused Absences

The definition of "excused absence" includes the following:

- Personal illness;
- Health-related treatment, examination, or recuperation;
- Serious illness or death of a member of the family;
- Obligatory religious observances;
- Participation in a district-approved or school sponsored activity or course;
- Absences prearranged by parents and approved by the principal; and
- Students of active duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.

All absences which do not fit into one of the above categories would be considered an unexcused absence. A student serving a period of suspension or expulsion from the district shall not be considered inexcusably absent.

#### Significant Part of a School Day

An absence of two or more hours in any school day shall be considered an absence for a significant part of the school day.

#### Make-Up Work

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

Unless reporting would violate the terms of any memorandum of understanding between the district and the authority to which reports would be made. The building principal shall report students who are inexcusably absent from school to the appropriate authority.

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester, or seven unexcused absences in a school year, whichever comes first. Truancy shall not apply to students who have attained a high school diploma, a general educational development credential, or a high school equivalency credential or any child who is determined to be an exceptional child, except for an exceptional children act. Exceptions also exist for students attending the Kansas academy of mathematics and science and for students who are part of a recognized church or religious denomination objecting to a regular public high school education under circumstances specified in state law.

For truancy purposes, being enrolled and continuously attending a public school; a private, denominational, or parochial school taught by a competent instructor for a period of time which is substantially equivalent to the period of time public school is maintained in the school district in which the private, denominational, or parochial school is located; or a combination of attendance in both a public school and a private, denominational, or parochial school may satisfy compulsory attendance requirements. School year means the period from July 1 to June 30. Students who are absent without a valid excuse for a significant part of any school day shall be given an unexcused absence for truancy accounting purposes considered truant.

Prior to reporting to either the Department for Children and Families (if the student is under 13) or the county or district attorney (if the student is 13 or more years of age but less than 18 years of age), a letter shall be sent to the student's parent(s) or guardian notifying them that the student's failure to attend school without a valid excuse shall result in the student being reported truant.

#### Waiver of Compulsory Attendance Requirements

Students 16 or 17 years of age may be exempt from compulsory attendance regulations if

- The student is regularly enrolled in and attending a program recognized by the board as an approved alternative educational program;
- the parent(s) or person acting as parent provides written consent to allow the student to be exempt from the compulsory attendance requirement and the student and the student's parent or person acting as parent attend the counseling session required by law and signs the appropriate consent and waiver form;
- the student is not subject to truancy law in accordance with law or this policy;
- the child is regularly enrolled and continuously attending school as required by law and is concurrently enrolled in a postsecondary educational institution; or
- the student is exempt from compulsory attendance requirements pursuant to a court order.

#### Involvement of Law Enforcement

Law enforcement officers may return truant children to the school where the child is enrolled, to the child's parent or guardian, or to another location designated by the board to address truancy issues.

#### Reporting to Parents

If a truant child is returned to school by a law enforcement official, the principal shall notify the parent or guardian.

#### Dual Enrollment Students

Eligible students who are enrolled in a board-approved dual enrollment program shall not be considered truant for the hours during the school day they attend classes at a Regent's university, community college, technical college, vocational educational school, or Washburn University.

Booster shots mandated by the Secretary of the Department of Health and Environment are also required.

Notice of this policy and the applicable state law shall be distributed to parents or guardians of current and prospective district students on or before May 15th of each school year. The superintendent shall issue a news release each August explaining the required inoculations and booster shots. Parents may delegate in writing their authority to consent to immunizations. At the beginning of a school year, school boards shall provide information on immunizations applicable to school age children to parents and guardians of students in grades six through 12. The information on immunizations shall include:

- (1) A list of sources for additional information; and
- (2) related standards issued by the national centers for disease control and prevention.

Students who fail to provide the documentation required by law may be excluded from school by the superintendent until statutory requirements are satisfied. Notice of exclusion shall be given to the parents/guardians as prescribed by law. Students who are not immunized against a particular disease(es) may be excluded from school during any outbreak.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by

the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary documentation of inoculations.

Each principal shall forward evidence of compliance with the inoculation law to other schools or school districts when requested by the school or by the student's parents/guardians and shall work cooperatively with local, county, and state health agencies to disseminate materials related to the availability of inoculations.

Any student noted by a physician or the school nurse, or local health officer as having a communicable disease may be excluded from school for the duration of the illness. The student will be readmitted to regular classes upon termination of the illness, as authorized by the student's physician, the local health officer, or after the expiration of any period of isolation or quarantine.

The board reserves the right to require a written statement from the student's physician or local health officer indicating that the student is free from all symptoms of the disease.

If a student is absent from regular classes for more than three consecutive days or the principal has been notified that a student has or is suspected of having a communicable disease, the principal shall determine whether a release shall be obtained from the student's physician or local health department before the student reenters school.

Decisions regarding the type of education and the setting for provision of educational services for a student with a communicable disease shall be based on the child's medical condition, the child's educational needs, and the expected type of interaction with others in the educational setting. Final decisions will be made by school administration after receiving input from the student's physician, public health personnel, the student's parent or guardian, and personnel associated with the proposed care or educational setting.

Vision, hearing, and dental screenings will be conducted in the district as part of the overall health services program. Such screenings will be administered in accordance with state law. When appropriate, other screenings deemed beneficial to students may be performed in the school health program.

When these screenings cannot be performed by district staff, the board authorizes the superintendent to identify healthcare service providers to provide them. Such healthcare service providers shall be required to enter into a contract with the district prior to providing any screenings or other services to students in the school setting.

#### Vision Screenings

Each year vision screening procedures will be conducted for students new to the district, including kindergarteners. Such procedures will be provided for other students at a frequency of not less than once every two years unless otherwise specified by state law. Students known to have vision difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.

#### Hearing Screening

Basic vision screenings shall be provided to students without charge according to the following schedule:

- Annually for every child participating in IDEA part B programs;
- At least once each school year for students in kindergarten and grades one, two, three, five, seven, and ten;
- Within the first year of enrollment in the district;
- 

- Upon request by the parent or guardian of a student enrolled in an accredited nonpublic school who resides in the school district.

These basic vision screenings shall be performed by a vision screener designated by the board, who shall follow current state vision screening guidelines for performing the screenings. The results of the screening and, if necessary, referral for an examination by an ophthalmologist or optometrist shall be reported to the parents or guardians of the student. Any referral shall not show a preference in favor of any particular ophthalmologist or optometrist to provide an additional examination.

While not part of the board provided vision screening program, each student needing assistance in achieving mastery of basic reading, writing, and mathematics skills shall be encouraged to obtain an eye examination by an optometrist or ophthalmologist to determine if the student suffers from conditions impairing the ability to read. Expense for such an examination, if not reimbursed through Medicaid, private insurance, or any other governmental or private program, shall be the responsibility of the student's parent or guardian.

#### Hearing Screening

Each year hearing screening procedures will be conducted for students in their first year of school attendance in the district. Such procedures will be provided for other students at a frequency of not less than once every three years unless otherwise specified by state law. Students known to have hearing difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.

Under certain conditions, hearing screening services are provided for students residing within district boundaries who are enrolled in accredited non-

Implementation of the program for nonpublic school students follows the same guidelines as for district students.

The results of the test and, if necessary, the desirability of examinations by a qualified physician shall be reported to the parents or guardians of students screened.

### Dental Screenings

Free dental inspections will be provided to students annually, planned for by designated school staff, and conducted by appropriate dental care providers. Students presenting a certificate from a legally qualified dentist providing that a dental examination was completed in the three months prior to the school dental inspection need not be provided with an inspection.

A certificate of the result of a school dental inspection, together with suggestions of requirements for the curing of any defects found, shall be made by the dental care provider making such inspection. One copy of this certificate is to be furnished to the child examined, and another will be filed with the clerk of the board. No dental work other than the inspection and provision of the certificate shall be performed by the examining dental care provider without the consent of the parents or guardian of the child.

### Selected Screenings

Other screening procedures may be deemed appropriate and beneficial to students. Designated staff will assist in the planning and implementation of other screening programs following standard procedures.

**JGCD-4**

Screening results, and referrals when necessary, will be communicated to parents.

**DFAC ALLOWABILITY OF COSTS – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Allowability of Costs – Federal Programs**

Expenditures of federal funds must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval from the state.

**Delegation of Responsibility**

When determining how the school district will spend its grant funds, the *{X} Superintendent { } Business Manager { } Federal Programs Coordinator* will review the proposed cost to determine whether it is an allowable use of federal grant funds *before* obligating and spending those funds on the proposed good or service.

**Allowability Determinations**

All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E, which are listed below. The *{X} Superintendent { } Business Manager { } Federal Programs Coordinator* must consider these factors when making an allowability determination. A section entitled, *Helpful Questions for Determining Whether Costs are Allowable*, is located at the end of this document.

Part 200 sets forth general cost guidelines that must be considered, as well as rules for specific types of items, both of which must be considered when determining whether a cost is an allowable expenditure of federal funds. The expenditure must also be allowable under the applicable program statute (e.g., Title I of the Elementary and Secondary Education Act (ESEA), or the Carl D. Perkins Career and Technical Education Act (Perkins)), along with accompanying program regulations, nonregulatory guidance, and grant award notifications.

Restrictions in state and local rules or policy also must be considered. For example, travel and other job-related expenses incurred by employees are not allowable unless they also are in compliance with board policy GAN, administrative regulations, and related procedures.

Whichever allowability requirements are stricter will govern whether a cost is allowable.

General allowability determination factors include the following:

1. **Be Necessary and Reasonable for the performance of the federal award.** A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, **reasonable** means that sound business practices were followed, and purchases were comparable to market prices.

When determining reasonableness of a cost, consideration must be given to:

**DFAC ALLOWABILITY OF COSTS – FEDERAL PROGRAMS**  
**(Sample Procedure)**

- Whether the cost is a type generally recognized as ordinary and necessary for the operation of the district or the proper and efficient performance of the federal award.
- The restraints or requirements imposed by factors, such as: sound business practices; arm's-length bargaining; federal, state and other laws and regulations; and terms and conditions of the federal award.
- Market prices for comparable goods or services for the geographic area.
- Whether the individual incurring the cost acted with prudence in the circumstances considering responsibilities to the district, its employees, its students, the public at large, and the federal government.
- Whether the district significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the federal award's cost. (2 CFR Sec. 200.404)

Whether a cost is **necessary** will be determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the district can demonstrate that the cost addresses an existing need, and can prove it. For example, the school entity may deem a language skills software program necessary for a limited English proficiency program.

When determining whether a cost is necessary, consideration may be given to:

- Whether the cost is needed for the proper and efficient performance of the federal award program.
- Whether the cost is identified in the approved budget or application.
- Whether there is an educational benefit associated with the cost.
- Whether the cost aligns with identified needs based on results and findings from a needs assessment.
- Whether the cost addresses program goals and objectives and is based on program data.

2. **Allocable to the federal award.** A cost is allocable to the federal award if the goods or services involved are chargeable or assignable to the federal award in accordance with the relative benefit received. This means that the federal grant program derived a benefit in proportion to the funds charged to the program. (2 CFR Sec. 200.405)

**DFAC ALLOWABILITY OF COSTS – FEDERAL PROGRAMS**  
**(Sample Procedure)**

For example, if fifty percent (50%) of a teacher's salary is paid with grant funds, then that teacher must spend at least fifty percent (50%) of his/her time on the grant program.

3. **Consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the school entity.**
4. **Conform to any limitations or exclusions set forth as cost principles in Part 200 or in the terms and conditions of the federal award.**
5. **Consistent treatment.** A cost cannot be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
6. **Adequately documented.** All expenditures must be properly documented.
7. **Be calculated in accordance with generally accepted accounting principles (GAAP), unless provided otherwise in Part 200.**
8. **Not included as a match or cost-share, unless the specific federal program authorizes federal costs to be treated as such.** Some federal program statutes require the nonfederal entity to contribute a certain amount of nonfederal resources to be eligible for the federal program.
9. **Be the net of all applicable credits.** The term "applicable credits" refers to those receipts or reduction of expenditures that operate to offset or reduce expense items allocable to the federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the state relate to the federal award, they shall be credited to the federal award, either as a cost reduction or a cash refund, as appropriate. (2 CFR Sec. 200.406)

**Selected Items of Cost**

Subpart E of Part 200 sets forth principles to be applied in establishing the allowability of fifty-five (55) specific cost items (commonly referred to as Selected Items of Cost), at 2 CFR Sec. 200.420-200.475. These specific cost items are listed in the chart below along with the citation to the section of Subpart E addressing the allowability of that item. These principles are in addition to the other general allowability standards, and apply whether or not a particular item of cost is properly treated as direct cost or indirect (F&A) cost. Meeting the specific criteria for a listed item does not by itself mean the cost is allowable, as it may be unallowable under other standards or for other reasons, such as restrictions contained in the terms and conditions of a particular grant or restrictions established by the state or in Board policy. If an item is unallowable for any of these reasons, federal funds cannot be used to purchase it.

**DFAC ALLOWABILITY OF COSTS – FEDERAL PROGRAMS**  
**(Sample Procedure)**

School district employees responsible for spending federal grant funds and for determining allowability must be familiar with and refer to the Part 200 selected items of cost section. These rules must be followed when charging these specific expenditures to a federal grant. When applicable, employees must check costs against the selected items of cost requirements to ensure the cost is allowable and also check state, district, and program-specific rules.

The selected item of cost addressed in Part 200 includes the following (in alphabetical order):

*Helpful Questions for Determining Whether Costs are Allowable -*

In addition to applying the cost principles and standards described above, district staff involved in expending federal funds should ask the following questions when assessing the allowability of a particular cost:

1. Is the proposed cost allowable under the relevant program?
2. Is the proposed cost consistent with an approved program plan and budget?
3. Is the proposed cost consistent with program specific fiscal rules? For example, the school entity may be required to use federal funds only to supplement the amount of funds available from nonfederal (and possibly other federal) sources, or only as a match for funds from nonfederal sources.
4. Is the proposed cost consistent with EDGAR?
5. Is the proposed cost consistent with specific conditions imposed on the grant (if applicable)?
6. Is the proposed cost consistent with the underlying needs of the program? For example, program funds must benefit the appropriate population of students for which they are allocated. This means that, for instance, funds allocated under Title III of the Elementary and Secondary Education Act (ESEA) governing language instruction programs for Limited English Proficient (LEP) students must only be spent on LEP students and

**DFAC ALLOWABILITY OF COSTS – FEDERAL PROGRAMS**  
**(Sample Procedure)**

cannot be used to benefit non-LEP students.

7. Will the cost be targeted at addressing specific areas of weakness that are the focus of the program, as indicated by available data?

Any questions related to specific costs should be forwarded to the {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator* who shall consult with the board's legal counsel for clarification as appropriate.

**DFAC CASH MANAGEMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Cash Management – Federal Programs**

Generally, the school district receives payment of federal funds from the Kansas State Department of Education (KSDE) on a reimbursement basis. In some circumstances, the district may receive an advance of federal grant funds. This procedure addresses responsibilities of the district and district staff under those alternative payment methods. In either case, the district shall maintain accounting methods and internal controls and procedures that assure those responsibilities are met when dealing with federal funding.

**Payment Methods**

**Reimbursements -**

The school district will initially charge federal grant expenditures to nonfederal funds.

The {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator* will request reimbursement for actual expenditures incurred under the federal grants {X} *monthly* { } *quarterly*.

Such requests shall be submitted with appropriate documentation and signed by the requestor.

Requests for reimbursements will be approved by the {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator*.

Reimbursement will be submitted on the appropriate form to the KSDE portal. All reimbursements are based on actual disbursements, not on obligations. KSDE will process reimbursement requests within the timeframes required for disbursement.

Consistent with state and federal requirements, the school district will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for KSDE to review upon request.

Reimbursements of actual expenditures do not involve interest calculations.

**Advances -**

When the district receives advance payments of federal grant funds, it must minimize the time elapsing between the transfer of funds to the district and the expenditure of those funds on allowable costs of the applicable federal program. (2 CFR Sec. 200.305(b)) The district shall attempt to expend all advances of federal funds within seventy-two (72) hours of receipt. When applicable, the district shall use existing resources available within a program before requesting additional advances. Such resources include program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds. (2 CFR Sec. 305(b)(5))

The district shall hold federal advance payments in insured, interest-bearing accounts.

The school district is permitted to retain for administrative expense up to \$500 per year of interest earned on federal grant cash balances. Regardless of the federal awarding agency, interest earnings exceeding \$500 per year shall be remitted annually to the Department of Health

**DFAC CASH MANAGEMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. (2 CFR Sec. 200.305(b)(9))

Pursuant to federal guidelines, interest earnings shall be calculated from the date that the federal funds are drawn down from the G5 system until the date on which those funds are disbursed by the district. Consistent with state guidelines, interest accruing on total federal grant cash balances shall be calculated on cash balances per grant and applying the actual or average interest rate earned.

Remittance of interest shall be responsibility of the {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator*.

**DEAC GRANT SUBRECIPIENT MONITORING PROCEDURES – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Grant Subrecipient Monitoring Procedures – Federal Programs**

In the event the district disperses federal funds received through a federal award to other entities and assigns responsibilities to the outside entity to conduct a portion of the work, the district shall be responsible for determining, on a case-by-case basis, whether the agreement with such entity places the outside entity in the role of a subrecipient receiving a subaward of federal funding, or the role of a contractor.

If the district grants subawards of federal funding to other entities as subrecipients, the district shall be responsible for:

1. Evaluating the entity for risk of noncompliance to determine appropriate monitoring practices.
2. Monitoring the subrecipient entity's implementation to ensure compliance with federal, state, and local laws, conditions of the federal funding award, and board policy and procedures.
3. Notifying the subrecipient entity of identified deficiencies found during the monitoring process and ensuring that identified deficiencies are corrected.
4. Documenting and retaining records on subrecipient identification, notification, evaluation, monitoring, and corrective actions taken.

**Definitions**

For purposes of policies and procedures related to federal programs, the following definitions shall apply:

Contract – a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. The term as used here does not include a legal instrument, even if the entity considers it a contract, when the substance of the transaction meets the definition of a federal program award or subaward. (2 CFR 200.22)

Contractor – an entity that receives a contract, as defined in law and regulations, by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. (2 CFR 200.23)

Pass-through entity – a non-federal entity that provides a subaward to a subrecipient to carry out part of a federal program. The district serves as the pass-through entity in cases where it awards federal funding to a subrecipient as defined in this procedure. (2 CFR 200.74)

Subaward – an award provided by a pass-through entity to a subrecipient in order to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program. A subaward

**DFAC GRANT SUBRECIPIENT MONITORING PROCEDURES – FEDERAL PROGRAMS**  
**(Sample Procedure)**

may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract. (2 CFR 200.92)

Subrecipient – a non-federal entity that receives a subaward to carry out part of a federal program; but does not include an individual that is a beneficiary of such program. (A subrecipient may also be a recipient of other federal awards directly from a federal awarding agency.) (2 CFR 200.93)

**Subrecipient Versus Contractor**

The district must determine, on a case-by-case basis, whether an entity receiving funds from the district as part of a federal funding program serves in a role of subrecipient or contractor. (2 CFR 200.330)

The {X} *Superintendent* { } *Federal Programs Coordinator* { } *Business Manager* { } *other* \_\_\_\_\_ shall be responsible for analyzing the criteria listed in the chart below and evaluating the relationship with the entity based on the substance of the legal agreement, rather than the form of the agreement. The Superintendent may consult with the board's legal counsel or other qualified counsel in making such determination.

<b>Subrecipient</b>	<b>Contractor</b>
Creates a Federal assistance relationship	Purpose is to obtain goods and services for the non-Federal entity's own use and creates a procurement relationship
Determines who is eligible to receive what Federal assistance	Provides the goods and services within normal business operations
Has its performance measured in relation to whether objectives of a Federal program were met	Provides similar goods or services to many different purchasers
Has responsibility for programmatic decision making	Normally operates in a competitive environment
Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and	Provides goods or services that are ancillary to the operation of the Federal program; and
In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity (PTE)	Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons

\*chart provided by © American Institute of CPAs (AICPA)

The district shall notify subrecipients that they have been identified as a subrecipient and that the funding qualifies as a subaward. The district shall provide the subrecipient with the following information as specified at 2 CFR Sec. 200.331(a) regarding the federal funding award, and any subsequent changes:

  - (xii) Identification of whether the award is R&D; and
  - (xiii) Indirect cost rate for the federal award (including if the de minimis rate is charged per §200.414 Indirect (F&A) costs).
2. All requirements imposed by the pass-through entity on the subrecipient so that the federal award is used in accordance with federal statutes, regulations and the terms and conditions of the federal award;
3. Any additional requirements that the pass-through entity imposes on the subrecipient for the pass-through entity to meet its own responsibility to the federal awarding agency including identification of any required financial and performance reports;

**DEAC GRANT SUBRECIPIENT MONITORING PROCEDURES – FEDERAL PROGRAMS**  
**(Sample Procedure)**

4. An approved federally recognized indirect cost rate negotiated between the subrecipient and the federal government or, if no such rate exists, either a rate negotiated between the pass-through entity and the subrecipient (in compliance with this part), or a de minimis indirect cost rate as defined in §200.414 Indirect (F&A) costs, paragraph (f);
5. A requirement that the subrecipient permit the pass-through entity and auditors to have access to the subrecipient's records and financial statements as necessary for the pass-through entity to meet the requirements of this part; and
6. Appropriate terms and conditions concerning closeout of the subaward.

**Evaluation of Risk**

The district shall evaluate each subrecipient's risk of noncompliance with law, regulations and the terms and conditions of the subaward to determine appropriate monitoring practices. (2 CFR 200.331)

The *{X} Superintendent { } Federal Programs Coordinator { } Business Manager { } other*  
\_\_\_\_\_ or designee shall be responsible for evaluating risk based on the following factors:

1. The subrecipient's prior experience with the same or similar subawards;
2. The results of previous audits, including whether the subrecipient receives a single audit and the extent to which the same or similar subaward has been audited;
3. Whether the subrecipient has new personnel, or new or substantially changed systems and processes;
4. The extent and results of any federal award agency's monitoring of the subrecipient.

The Superintendent or designee shall request adequate documentation from the subrecipient to conduct the evaluation of risk; such documentation may include, but may not be limited to *{X} audit reports {X} financial reports {X} policies and procedures {X} detailed descriptions or users' guides of current systems and processes*.

The district shall evaluate subrecipients for risk of noncompliance *{ } annually { } as specified in the legal agreement or contract*.

Based on the results of the risk evaluation, the district may consider imposing specific conditions on implementation of the subaward, in accordance with applicable law and regulations. (2 CFR 200.207, 200.331)

**DEAC GRANT SUBRECIPIENT MONITORING PROCEDURES – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Monitoring**

The district shall monitor the implementation and activities of each subrecipient as necessary to ensure that the subaward is used for authorized purposes, in accordance with law, regulations and the terms and conditions of the subaward. The district shall notify subrecipients of monitoring requirements, and may provide technical assistance to subrecipients in complying with monitoring requirements.

As part of the monitoring process, the district shall complete the following steps: (2 CFR 200.331)

1. Review financial and performance reports required by the district.
2. Follow-up and ensure that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the subaward detected during monitoring through audits, on-site reviews and other means.
3. Issue a management decision for audit findings pertaining to the subaward provided to the subrecipient, in accordance with applicable law and regulations. (2 CFR 200.521)

**Monitoring –**

The {X} Superintendent { } Federal Programs Coordinator { } Business Manager { } other \_\_\_\_\_ or designee shall be responsible for monitoring of subrecipients. Monitoring activities may include, but shall not be limited to:

1. Review of progress reports, financial reports and data quality.
2. On-site visits.
3. Review of federal or state debarment lists.
4. Review of other agreed-upon procedures specified in the legal agreement or contract. (2 CFR 200.425)

The district shall verify that subrecipients are audited as required by applicable law and regulations. (2 CFR 200.331, 2 CFR 200.500-200.521)

**Follow-Up Actions –**

The Superintendent or designee shall provide subrecipients with written documentation detailing their monitoring results and listing any identified deficiencies. The district shall consider whether the results of monitoring indicate the need to revise existing district policy and procedures. (2 CFR 200.331)

**DFAC GRANT SUBRECIPIENT MONITORING PROCEDURES – FEDERAL PROGRAMS**  
**(Sample Procedure)**

The district shall require subrecipients to take immediate action on issues involving ineligible or illegal use of federal funding, and notify the district of corrective action taken.

The district shall require subrecipients to develop a corrective action plan to address other identified deficiencies or noncompliance issues; such plan shall be submitted to the district { } *within 60 days* { } *as soon as possible* {X} *as specified in the agreed-upon procedures*, and the district shall evaluate and monitor the activities taken by the subrecipient under the corrective action plan. The district may provide technical assistance and/or training to subrecipients in complying with corrective action requirements.

The Superintendent or designee shall maintain all documentation on monitoring of subrecipients and corrective action taken during the monitoring process.

The district shall report issues of noncompliance to the appropriate federal agency where required by law, regulations, or requirements of the federal funding program.

*Remedies for Noncompliance –*

When monitoring activities identify issues of noncompliance that are not addressed through corrective action, the district may take the following actions: (2 CFR 200.331, 200.338)

1. Impose specific conditions on the subrecipient, in accordance with applicable law and regulations. (2 CFR 200.207)
2. Temporarily withhold cash payments, in accordance with applicable law and regulations.
3. Disallow or deny use of funds for all or part of the cost of the activity or action not in compliance.
4. Wholly or partially suspend or terminate the agreement for the federal award.
5. Recommend that the federal agency initiate suspension and debarment proceedings.
6. Withhold further awards or agreements for the project or program.
7. Take other remedies legally available, in consultation with the school solicitor or other qualified counsel.

**Record Retention**

The {X} Superintendent { } Federal Programs Coordinator { } Business Manager { } other \_\_\_\_\_ shall ensure that all documentation regarding subrecipient identification, notification, evaluation, monitoring activities, and corrective action is maintained in accordance with board policy and regulations.

**DFAC GRANT SUBRECIPIENT MONITORING PROCEDURES – FEDERAL PROGRAMS**

**Procurement – Federal Programs**

This document is intended to integrate standard district purchasing procedures with additional requirements applicable to procurements that are subject to the federal Uniform Grant Guidance regulations concerning the use of federal funds and/or U.S. Department of Agriculture (USDA) regulations governing school food service programs. The district maintains the following purchasing procedures, in accordance with federal and state laws, regulations, and board policy to aid in making purchases with federal funds. (2 CFR 200.318-200.325; 7 CFR 210.16, 210.19, 210.21, 215.14a, 220.16; K.S.A. 72-1151; board policies DFAB, DFAC, DJE, DJEB, DJED, DJEE, DJEF, DJEG, DJEJ, DJFA, and DJFAB)

2017 Procurement Thresholds		
Kansas Bid Threshold	\$20,000	For construction, reconstruction or remodeling or for the purchase of materials, goods or wares
Federal Micro-Purchase Threshold	\$10,000	Adjusted periodically and published in Federal Register (48 CFR Subpart 2.1)
Federal Simplified Acquisition Threshold	\$250,000	Adjusted periodically and published in Federal Register (48 CFR Subpart 2.1)

\*Please review this Procurement attachment annually and update amounts accordingly

**Responsibility for Purchasing**

The board has outlined standard district purchasing responsibility, methods of purchasing, price quotations and bid, requirements in the following board policies and their accompanying administrative regulations and/or procedures:

- DFAB: Standard of Conduct for Federally Funded Contracts
- DFAC: Federal Fiscal Compliance
- DJE: Purchasing
- DJEB: Quality Control
- DJED: Bids and Quotations Requirements
- DJEE: Local Purchasing
- DJEF: Requisitions
- DJEG: Purchase Orders and Contracts
- DJEJ: Payment Procedures
- DJFA: Purchasing Authority
- DJFAB: Administrative Leeway

**Purchase Methods**

When a request for expenses for construction, reconstruction, or remodeling or for the purchase of materials, goods, or wares has been submitted and approved as outlined below, the procurement method to be used will be determined based on the type of purchase and the total

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

cost of the purchase as further outlined below. This procedure outlines how the cost thresholds for determining when the quote or formal bidding procedures that are required by state law as reflected in Policy DJED must be modified when making purchases for federally funded purposes to which the Uniform Grant Guidance or USDA regulations apply to comply with both state and federal requirements. At each point where requirements for food service-related procurement under USDA regulations differ, a note will refer to the Food Service Program Notes at the end of this procedure. Final determination of which purchasing procedures are to be applied is delegated to the { } *Purchasing Agent* {X} *Superintendent* { } *Business Manager* under the authority of the Board.

**Standard Procurement Documents and Purchase Request Process**

The district shall use { } *purchase orders* {X} *requisitions* for purchase requests in accordance with the applicable purchase method.

The district shall use {X} *paper* { } *electronic* purchasing records, which are pre-numbered and are accessible to designated purchasing staff in {X} *the district office* { } *the business office* { } *Purchasing Agent's office* { } *Other* \_\_\_\_\_.

Purchase requests by an employee must be submitted to the building administrator or immediate supervisor. Purchase of all budgeted items or items approved by an administrator or supervisor must be initiated by use of a purchase order or requisition submitted to the purchasing agent. Purchase orders and requisitions shall contain information including, but not necessarily limited to:

1. Description of the services to be performed or goods to be purchased;
2. Location of where services will be performed or goods will be delivered;
3. Appropriate dates of service or delivery;
4. { } Other (describe) \_\_\_\_\_.

Documentation on purchase orders and requisitions shall be maintained in accordance with the district's Public Records policy (CN) and Federal Fiscal Compliance policy (DFAC).

Contracts shall be reviewed by the {X} *Board Clerk* { } *Business Manager* {X} *Superintendent* { } *Board's Attorney* prior to submission to the board for approval.

Contracts to which the Uniform Grant Guidance apply shall contain the clauses specified in Appendix II to 2 CFR Part 200 (Contract Provisions for Non-Federal Entity Contracts Under Federal Awards), when applicable.

**[See Food Service Program Notes below for specific clauses required by USDA regulations to be included in cost reimbursable procurement contracts.]**

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Micro-Purchases Not Requiring Quotes or Bidding**

For purposes of this procedure, **micro-purchase** means a purchase of supplies or services for use in federally funded programs using simplified acquisition procedures, the aggregate amount of which does not exceed a base amount of \$10,000. The micro-purchase dollar threshold is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than \$10,000. (48 CFR Subpart 2.1)

**Note: The micro-purchase maximum for federal purposes is lower than the amount below which the Policy DJED allows purchase for nonfederal purposes to be made without using formal competitive bidding.**

The micro-purchase method is used to expedite the completion of its lowest dollar small purchase transactions and minimize the associated administrative burden and cost. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.

To the extent practicable, the district distributes micro-purchases equitably among qualified suppliers when the same or materially interchangeable products are identified and such suppliers offer effectively equivalent rates, prices, and other terms. The {X} *Superintendent* { } *Business Manager* { } *Purchasing Agent* {X} *Board Clerk* { } *Board Treasurer* will be responsible to determine the equitable distribution of micro-purchases.

Micro-purchases may be awarded without soliciting competitive quotations if the district considers the price to be reasonable. The district will maintain evidence of this reasonableness in the records of all micro-purchases. **Reasonable** means that sound business practices were followed, and the purchase is comparable to market prices for the geographic area. Such determinations of reasonableness may include comparison of the price to previous purchases of the same item or comparison of the price of items similar to the item being purchased.

Even if the cost of a purchase qualifies it as a micro-purchase, bidding or small purchase procedures may be used optionally when those procedures may result in cost savings.

**Small Purchase Procedures**

For purposes of this procedure, **small purchase procedures** are those relatively simple and informal procurement methods for securing materials, goods, or wares or for completing construction, reconstruction, or remodeling that cost more than the amount qualifying as a micro-purchase and do not cost \$20,000 or more, or in the case of services other than construction, reconstruction or remodeling, where the total cost does not exceed the \$150,000 federal Simplified Acquisition Threshold at which formal competitive bidding or competitive proposals are required. Small purchase procedures cannot be used for construction, reconstruction or remodeling costing \$20,000 or more or for the purchase of materials, goods or wares costing \$20,000 or more because the board policy and Kansas law requires formal competitive bidding at that level of cost.

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

The base amount at which bidding is required under state law for construction, reconstruction or remodeling or for the purchase of materials, goods or wares is \$20,000. (K.S.A. 72-1151)

**The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than \$250,000. (48 CFR Subpart 2.1)**

Because state law does not require **competitive** bidding for the purchase of services other than for construction, reconstruction or remodeling with a cost in excess of \$20,000, small purchase procedures, including a request for proposal (RFP) procedure, may be used for procurement of such other services except when the estimated total cost will be at or over the federal threshold at which formal competitive bidding or competitive proposals are required (\$250,000).

**[See Food Service Program Notes below for exemption from bidding for purchases of perishable food items costing less than \$250,000.]**

**Formal Competitive Bidding**

**Publicly Solicited Sealed Competitive Bids:**

For construction, reconstruction, or remodeling or for the purchase of materials, goods or wares, sealed competitive bids are publicly solicited and awarded to the lowest responsible bidder as provided in Policy DJED when the total cost is estimated to be \$20,000 or more.

**Note: The amount at which formal competitive bidding or competitive proposals are required by federal regulations is much higher than the base amount at which the policy and state law requires competitive bidding. Therefore, the lower base amount specified by Policy DJED will be used for purchases of equipment or supplies, or for obtaining services for construction, reconstruction or remodeling costing \$20,000 or more.**

State law does not require bidding for the purchase of services other than for construction, reconstruction or remodeling regardless of total cost. For procurement of such other services for federally funded purposes to which the Uniform Grant Guidance applies, formal competitive bidding or competitive proposals will be used when the estimated total cost will be at or over the federal threshold of \$250,000.

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than \$250,000. (48 CFR Subpart 2.1)

For procurement of services costing at or over the \$250,000 federal threshold other than for construction, reconstruction or remodeling, the use of competitive sealed bidding is considered feasible and appropriate when:

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

1. A complete, adequate, and realistic specification or purchase description is available;
2. Two (2) or more responsible bidders are willing and able to compete effectively for the business; and
3. The procurement lends itself to a firm fixed-price contract, and the selection of the successful bidder can be made principally on the basis of price.

Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of. Any or all bids may be rejected if there is a sound documented reason.

**[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]**

**Competitive Proposals**

State law does not require public school entities to solicit competitive bids for services other than for construction, reconstruction or remodeling, for which competitive bidding is required if the cost will be a base amount of \$20,000 or more.

Federal regulations allow the use of competitive proposals as an alternative to formal competitive bidding when conditions are not appropriate for the use of sealed bids.

In the case of services other than for construction, reconstruction or remodeling costing less than that threshold, the district may use small purchase procedures or micro-purchase procedures as applicable based on total cost. A request for proposal (RFP) process can also meet or exceed the small purchase competition requirements under state law and Policy DJED for the acquisition of services other than for construction, reconstruction or remodeling, and can be used if the total cost will be less than \$250,000.

When permitted, the technique of competitive proposals is normally conducted with more than one (1) source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. Competitors' qualifications are evaluated, and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The district shall comply with other applicable state and federal law and regulations, board policy and administrative regulations or procedures regarding purchasing; the district may consult with the school solicitor or other qualified counsel in determining the required process for purchasing through competitive proposals when necessary.

If this method is used, the following requirements apply:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical.

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

2. Proposals must be solicited from an adequate number of qualified sources.
3. There must be a written method for conducting technical evaluations of the proposals received and for selecting recipients.
4. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
5. Competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified is selected, subject to negotiation of fair and reasonable compensation, are allowed. The method where price is not used as a selection factor can only be used in procurement of A/E professional services and cannot be used to purchase other services through A/E firms.

Competitive proposals shall be evaluated by the *{X} Superintendent { } Business Manager { } Federal Programs Coordinator* based on factors including but not limited to:

1. Cost.

*{X} Experience of contractor.*

*{X} Availability.*

*{X} Personnel qualifications.*

*{X} Financial stability.*

*{ } Minority business, women's business enterprise, or labor surplus area firm status.*

*{ } Project management expertise.*

*{X} Understanding of district needs.*

*{ } Other \_\_\_\_\_.*

Evaluations shall be completed in a timely manner, documented and shall be reviewed by the *{ } Board {X} Superintendent {X} Business Manager { } Federal Programs Coordinator { } school solicitor.*

**Contract/Price Analysis**

The district performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. (2 CFR Sec. 200.323(a)).

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

A **cost analysis** generally means evaluating the separate cost elements that make up the total price, while a **price analysis** means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the *{X} Superintendent { } Business Manager { } Federal Programs Coordinator* must come to an independent estimate prior to receiving bids or proposals. (2 CFR Sec. 200.323(a)). As part of the analysis, the \_\_\_\_\_ will enact established business practices which may include evaluation of similar prior procurements and a review process.

**Negotiated Profit**

**In any procurement in which there has been no price competition, or in which a cost-analysis is performed, profit must be negotiated separately as an element of price. Accordingly, solicitations of bids, proposals or quotes shall require that bids, proposals or quotes be limited to costs other than profit, and exclude profit.**

To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work. (2 CFR Sec. 200.323(b)).

**When profit must be negotiated as a separate element of the total price, it shall be negotiated by the *{X} Superintendent {X} Business Manager { } Federal Programs Coordinator*.**

**Noncompetitive Proposals (Sole Sourcing)**

**Procurement by noncompetitive proposals** means procurement through solicitation of a proposal from only one (1) source and may be used only when one or more of the following circumstances apply:

1. The item is available only from a single source.
2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation. An **emergency** exists whenever the time required for the board to act in accordance with regular procedures would endanger life or property or threaten continuance of existing school classes.
3. The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the district.
4. After solicitation of a number of sources, the district determines the competition is inadequate.

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

In addition to standard procurement policy and procedures, the district will document the grounds for using the noncompetitive method in lieu of an otherwise required competitive method of procurement, which may include written confirmation from the contractor as the sole source of the item. Documentation must be submitted to and maintained by the district office.

All noncompetitive proposals will ultimately be approved by the board. The district may utilize legal advice regarding noncompetitive proposals.

Profit must be negotiated separately for noncompetitive proposals, and a cost or price analysis will also be performed for noncompetitive proposals when the price exceeds \$250,000.

**Purchase Cards**

The district approves the use of procurement cards for permissible purchases by designated employees to improve the efficiency of purchasing activities, reduce processing expenses, improve controls for small-dollar purchases, and streamline contractor payment.

Procurement cards may be used for purchases under federal programs.

**Full and Open Competition**

All procurement transactions must be conducted in a manner providing full and open competition consistent with 2 CFR Sec. 200.319. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

1. Placing unreasonable requirements on firms in order for them to qualify to do business.
2. Requiring unnecessary experience and excessive bonding.
3. Noncompetitive pricing practices between firms or between affiliated companies.
4. Noncompetitive contracts to consultants that are on retainer contracts.
5. Organizational conflicts of interest.
6. Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement.
7. Any arbitrary action in the procurement process.

**Minority Businesses, Women’s Business Enterprises, Labor Surplus Area Firms**

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

The district must take necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include: (2 CFR Sec. 200.321)

1. Placing qualified small and minority business and women's business enterprises on solicitation lists.
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources.
3. Dividing total purchasing requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business and women's business enterprises.
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises.
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
6. Requiring the prime contractor, if subcontracts are let, to take the affirmative steps listed above.

**Geographical Preferences Prohibited**

The district must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals for purchases made with federal funds, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

**[See Food Service Program Notes below for permissibility of geographic preferences and "Buy American" practices in purchasing certain food products]**

**Prequalified Lists**

The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the district must not preclude potential bidders from qualifying during the solicitation period.

**[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]**

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Solicitation Language**

The district must ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

**Avoiding Acquisition of Unnecessary or Duplicative Items**

The district must avoid the acquisition of unnecessary or duplicative items. Additionally, consideration must be given to consolidating or breaking out procurements to obtain a more economical purchase; and, where appropriate, an analysis must be made of leases versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

These considerations are given as part of the process to determine the allowability of each purchase made with federal funds. Such considerations are accessible in the procedure to Policy DFAC: Allowability of Costs – Federal Programs.

**Use of Intergovernmental Agreements and Cooperative Purchasing**

To foster greater economy and efficiency, the district enters into state and local intergovernmental agreements where appropriate for cooperative purchasing or use of common or shared goods and services, as permitted by the Intergovernmental Cooperation Act.

When procuring supplies or services for federally funded purposes to which the Uniform Grant Guidance applies, the district shall verify that the organization conducting the procurement pursuant to such agreements complies with the applicable procurement methods, requirements, and standards of the Uniform Grant Guidance as outlined in this procedure.

**Use of Federal Excess and Surplus Property**

The district considers the use of federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Debarment and Suspension**

The district awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

**[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]**

The district may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the district verifies that the contractor with whom the district intends to do business is not excluded or disqualified. (2 CFR Part 200, Appendix II, and 2 CFR Sec. 180.220 and 180.300).

All successful contractors must provide written certification that they have not been suspended or debarred from federal projects. The { } *Business Manager* {X} *Federal Programs Coordinator* will be responsible for verification. Such verification may include accessing the online federal System for Award Management (SAM) to determine whether any relevant party is subject to any suspension or debarment restrictions.

**Maintenance of Procurement Records**

The district must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

Maintenance of records of procurement will be governed by board Policies CN and DFAC.

**Time and Materials Contracts**

The district may use a time and materials type contract only: (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. **Time and materials type contract** means a contract whose cost to the district is the sum of: the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the district must assert a high degree of oversight to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

**DFAC PROCUREMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**Settlements of Issues Arising Out of Procurements**

The district alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the district of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

**Protest Procedures to Resolve Dispute**

The district maintains protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency. Protest procedures will be acted on in accordance with current state law and regulations, board policy and administrative regulations and procedures, and the advice of the board's legal counsel.

**Food Service Program Notes:**

***Exemption from Bidding for Perishable Food Items -***

Kansas law exempts purchases of food and foodstuffs necessary for the implementation or operation of any child nutrition program from bidding requirements. Bidding for such items is required only if the cost would be at or over the federal threshold at which formal competitive bidding is required (\$250,000). Small purchase procedures may be used for purchases below \$250,000, or micro-purchase procedures for purchases below \$10,000. Use of bidding should be considered as an option if it is feasible and likely to result in cost savings.

***Geographic Preferences -***

The district is permitted to apply a geographic preference when procuring unprocessed, locally grown or locally raised agricultural products. When a geographic preference is applied, the district has discretion to determine the local area to which the geographic preference option will be applied.

**Unprocessed locally grown or locally raised agricultural products** means only those agricultural products that retain their inherent character. The effects of the following food handling and preservation techniques shall not be considered as changing an agricultural product into a product of a different kind or character: cooling; refrigerating; freezing; size adjustment made by peeling, slicing, dicing, cutting, chopping, shucking, and grinding; forming ground products into patties without any additives or fillers; drying/dehydration; washing; packaging (such as placing eggs in cartons), vacuum packing and bagging (such as placing vegetables in bags or combining two (2) or more types of vegetables or fruits in a single package); the addition of ascorbic acid or other preservatives to prevent oxidation of produce; butchering livestock and poultry; cleaning fish; and the pasteurization of milk. **DFAC TYPE OF COSTS, OBLIGATIONS AND PROPERTY MANAGEMENT –  
FEDERAL PROGRAMS  
(Sample Procedure)**

**Type of Costs, Obligations and Property Management – Federal Programs**

The district establishes and maintains board policies, administrative regulations, and administrative procedures on administration of federal funds in federal programs as required by the Uniform Grant Guidance and other federal, state, and local laws, regulations, and requirements. The district's fiscal management system includes internal controls and grant management standards in the following areas when federal funds are involved.

Direct and Indirect Costs

**Direct costs** – costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

**Indirect costs** – costs incurred for a common or joint purpose benefiting more than one (1) cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.

Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect costs. (2 CFR Sec. 200.405, 200.413)

Identification with the federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect costs.

Direct and indirect costs shall be determined in accordance with law, regulations, the terms and conditions of the federal award, and the district's negotiated indirect cost rate.

The district shall develop an indirect cost rate proposal and cost allocation plan in accordance with law, regulations, and the terms and conditions of the federal award.

Timely Obligation of Funds

**Obligations** – orders placed for property and services, contracts, and subawards made and similar transactions during a given period that require payment by the district during the same or a future period.

The following table illustrates when funds must be obligated under federal regulations:

<b>Obligation is for:</b>	<b>Obligation is made:</b>
Acquisition of property	On the date on which the district makes a binding written commitment to acquire the property
Personal services by a district employee	When the services are performed

**DFAC TYPE OF COSTS, OBLIGATIONS AND PROPERTY MANAGEMENT –  
FEDERAL PROGRAMS  
(Sample Procedure)**

Personal services by a contractor who is not a district employee	On the date on which the district makes a binding written commitment to obtain the services
Public utility services	When the district receives the services
Travel	When the travel occurs
Rental of property	When the district uses the property
A pre-agreement cost that was properly approved by the Secretary under the cost principles in 2 CFR Part 200, Subpart E - Cost Principles	On the first day of the project period

34 CFR §75.707; 34 CFR §76.707

All obligations must occur between the beginning and ending dates of the federal award project, which is known as the period of performance. The period of performance is dictated by law and regulations and will be indicated in the federal award. Specific requirements for carryover funds may be specified in the federal award and must be adhered to by the district. (2 CFR Sec. 200.77, 200.309)

The district will handle obligations and carry over of state-administered and direct grants in accordance with state and federal law and regulations and the terms and conditions of the federal award. Carryover will be calculated and documented by the {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator*.

The district may exercise an extension of the period of performance under a direct grant in accordance with law, regulations, and the terms and conditions of the federal award when written notice is provided to the federal awarding agency at least ten (10) calendar days prior to the end of the period of performance. (2 CFR Sec. 200.308(d)(2))

The {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator* will decide when an extension of the period of performance is necessary and will recommend that the board approve this process.

The {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator* will develop the required written notice, including the reasons for the extension and revised period of performance; the notice will be issued no later than ten (10) calendar days prior to the end of the currently documented period of performance in the federal award.

The district must seek approval from the federal awarding agency for an extension of the period of performance when the extension is not contrary to federal law or regulations, and the following conditions apply:

**DFAC TYPE OF COSTS, OBLIGATIONS AND PROPERTY MANAGEMENT –  
FEDERAL PROGRAMS  
(Sample Procedure)**

1. The terms and conditions of the federal award prohibit the extension;
2. The extension requires additional federal funds; or
3. The extension involves any change in the approved objectives or scope of the project. (2 CFR Sec. §200.308)

The {X} *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator* will determine when an extension must be requested for approval by the federal awarding agency, draft the written request and notify the {X} *Board* { } *Superintendent* { } *Business Manager* { } *Federal Programs Coordinator* of the requested extension.

Management of Property Acquired With Federal Funds

*Contract and Purchasing Administration -*

The district maintains internal controls, administrative regulations, and procedures to ensure that contractors deliver goods and services in accordance with the terms, conditions, and specifications of the designated contract, purchase order, or requisition.

*Property Classifications -*

Property shall be classified as **real or personal property** as defined and specified in accordance with law and regulations.

*Inventory Control/Management -*

All personal property, other than intangible property, which is purchased with federal funds, regardless of cost, will be inventoried as a safeguard.

Inventory will be received by the department or program requesting the item; designated staff will inspect the property, compare it to the applicable purchase order or requisition, and ensure it is appropriately logged and tagged in the district's property management system.

Items acquired will be physically labeled by source of funding and acquisition date.

Inventory records of equipment and computing devices must be current and available for review and audit, and include the following information:

1. Description of the item, including any manufacturer's model number.
2. Manufacturer's serial number or other identification number.
3. Identification of funding source.

**DFAC TYPE OF COSTS, OBLIGATIONS AND PROPERTY MANAGEMENT –  
FEDERAL PROGRAMS  
(Sample Procedure)**

4. Acquisition date and unit cost.
5. Source of items, such as company name.
6. Percentage of federal funds used in the purchase.
7. Present location, use, condition of item, and date information was reported.
8. Pertinent information on the ultimate transfer, replacement or disposition of the item and sale price of the property.

Inventory will be updated as items are sold, lost, stolen, or cannot be repaired and new items are purchased.

*Physical Inventory -*

Physical inventory of property will be completed by designated district staff in accordance with applicable federal law and regulation and board policy DIC.

The physical inventory of items will be conducted annually, and the results will be reconciled with the inventory records and reported to the federal awarding agency.

*Maintenance -*

The district establishes adequate maintenance procedures to ensure that property is maintained in good condition in accordance with law, regulation, and board policy.

*Safeguards -*

The district ensures that adequate safeguards are in place to prevent loss, damage, or theft of property:

1. Any loss, damage or theft will be reported to the {X} Superintendent { } Business Manager { } Federal Programs Coordinator, investigated and fully documented, and may be reported to local law enforcement.
2. If stolen items are not recovered, the district will submit copies of the investigative report and insurance claim to the federal awarding agency.
3. The district may be responsible for replacing or repairing lost, damaged, destroyed, or stolen items.
4. Replaced equipment is property of the originally funded program and should be inventoried accordingly.

**DFAC TYPE OF COSTS, OBLIGATIONS AND PROPERTY MANAGEMENT –  
FEDERAL PROGRAMS  
(Sample Procedure)**

5. District property may only be loaned in accordance with board policy KGA and administrative regulations and procedures.

*Disposition of Property Acquired with Federal Funds –*

When the district determines that real property, including land, land improvements, structures, and accessories thereto, acquired under a federal award is no longer needed for the originally authorized purpose, the district must obtain disposition instructions from the federal awarding agency or pass-through entity administering the program, in accordance with applicable law and regulations. (2 CFR Sec. 200.311)

When the district determines that equipment or supplies acquired under a federal award are no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the {X} Superintendent { } Business Manager { } Federal Programs Coordinator will contact the federal awarding agency or pass-through entity administering the program to obtain disposition instructions, based on the fair market value of the equipment or supplies.

Generally, items with a fair market value of \$5,000 or less that are no longer effective may be retained, sold, purged, or transferred to the district. For items with a fair market value greater than \$5,000, the federal awarding agency is entitled to the federal share of the current market value or sales proceeds.

If the district will be replacing the equipment or supplies, the district may use the existing equipment or supplies as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property.

The {X} Superintendent { } Business Manager { } Federal Programs Coordinator will be responsible for contacting the federal awarding agency and determining the process for disposition of equipment or supplies.

The district may use the following methods in disposing of unnecessary equipment or supplies acquired with federal funds:

*{X} Public auction and/or online sale – generally conducted by a licensed auctioneer.*

*{X} Salvage – scrap sold to local dealers.*

*{ } Negotiated sale – normally used when disposing of items of substantial value.*

*{X} Sealed bid – normally used for items of substantial value or unique qualities.*

*{ } Pre-priced sale – large quantities of obsolete or surplus equipment or supplies may be sold by this method.*

**DFAC TYPE OF COSTS, OBLIGATIONS AND PROPERTY MANAGEMENT –  
FEDERAL PROGRAMS  
(Sample Procedure)**

*{X} Donation to charitable organizations, for equipment or supplies with little to no value.*

*{X} Disposition to trash for equipment or supplies with no value.*

The {X} Superintendent { } Business Manager { } Federal Programs Coordinator will be responsible for maintaining records of obsolete and surplus property disposed of, and will report to the federal awarding agency when required.

## ECH PRINTING AND DUPLICATING SERVICES

### Copyright Regulations and “fair use” rules for educators.

#### *Suggested Handbook Language*

In accordance with school board policy ECH, the following regulations will be observed to comply with the copyright laws of the United States.

Under the “fair use” doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship or research. If duplicating or altering a product is to fall within the bounds of fair use, these four standards must be met for any of the purposes:

##### The Purpose and Character of the Use

The use must be for such purposes as teaching or scholarship and must be nonprofit. Fair use would probably allow teachers acting on their own to copy small portions of work for the classroom but would not allow a school system or an institution to do so.

##### The Nature of the Copyrighted Work

Copying portions of a news article may fall under fair use but not copying from a workbook designed for a course of study.

##### The Amount and Substantiality of the Portion Used

Copying the whole of a work cannot be considered fair use; copying a small portion may be. At the same time, however, extracting a short sequence from a 16mm film may be far different from a short excerpt from a textbook, because two or three minutes out of a 20-minute film might be the very essence of that production and thus outside fair use. Under normal circumstances, extracting small amounts out of an entire work would be fair use, but a quantitative test alone does not suffice.

##### The Effect of the Use Upon the Potential Market for or Value of the Copyrighted Work

If resulting economic loss to the copyright holder can be shown, even making a single copy of certain materials is an infringement, and making multiple copies can result in greater penalties.

##### Prohibited Practice

No one may make multiple copies of a work for classroom use if it has already been copied for another class in the same institution; make multiple copies of a short poem, article, story, or essay from the same author more than once in a class term or make multiple copies from the same collective work or periodical issue more than three times a term; make multiple copies of works more than nine times in the same class term; make a copy of works to take the place of an anthology; and may not make a copy of “consumable” materials, such as workbooks.

## **ECH PRINTING AND DUPLICATING SERVICES**

### **Permitted Practice**

A teacher may make--for use in scholarly research, in teaching or in preparation for teaching a class--a single copy of the following: a chapter from a book; an article from a periodical or newspaper; a short story, short essay or short poem (whether or not from a collected work); a chart, graph, diagram, drawing, cartoons or picture from a book, periodical or newspaper; may make (for classroom use only and not to exceed one per student in a class) multiple copies of the following: a complete poem (if it has fewer than 250 words and is printed on not more than two pages), an excerpt from a prose work (if the excerpt has fewer than 1,000 words or 10 percent of the work, whichever is less) and one chart, graph, diagram, cartoon or picture per book or periodical.

A library may, for interlibrary-loan purposes, make up to six copies a year of a periodical published within the last five years, make up to six copies a year of small excerpts from longer works, make copies of unpublished works for purposes of preservation and security and make copies of out-of-print works that cannot be obtained at a fair price.

### **Guidelines for Off-Air Recording of Broadcast Programming for Education Purposes**

A broadcast program may be recorded off-air simultaneously with broadcast transmission (including simultaneous cable retransmission) and retained for a period not to exceed the first 45 consecutive calendar days after date of recording. Upon conclusion of such retention period, all off-air recordings must be erased or destroyed immediately.

Off-air recordings may be used once by individual teachers in the course of relevant teaching activities and repeated once, only when instructional reinforcement is necessary, in classrooms and similar places devoted to instruction within a single building, cluster or campus, as well as in the homes of students receiving formalized home instruction, during the first 10 consecutive school days in the 45 calendar day retention period. "School days" are school session days--not counting weekends, holidays, vacations, examination periods or other scheduled interruptions--within the 45 calendar day retention period.

Off-air recordings may be made only at the request of and used by individual teachers and may not be regularly recorded in anticipation of requests. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast.

A limited number of copies may be reproduced from each off-air recording to meet the legitimate needs of teachers under these guidelines. Each such additional copy shall be subject to all provisions governing the original recordings.

After the first 10 consecutive school days, off-air recordings may be used up to the end of the 45 calendar day retention period only for evaluation purposes by the teacher, i.e., to determine whether or not

## **ECH PRINTING AND DUPLICATING SERVICES**

to include the broad-cast program in the teaching curriculum. They may not be used for student exhibition or any other nonevaluation purpose without authorization.

Off-air recordings need not be used in their entirety, but the recorded programs may not be altered from their original content. Off-air recordings may not be physically or electronically combined or merged to constitute teaching anthologies or compilations.

All copies of off-air recordings must include the copyright notice on the broadcast programs as recorded.

### **Computer Software**

District employees may make a back-up copy of computer programs as permitted by current Federal Law. Back-up copies may be used for archival purposes only and all archival copies shall be destroyed in the event that continued possession of the computer program should cease to be rightful.

When software is used on a disk-sharing system, efforts shall be made to secure this software from copying.

Illegal copies of copyrighted programs shall not be made or used on school equipment.

**GAN TRAVEL REIMBURSEMENT – FEDERAL PROGRAMS**  
**(Sample Procedure)**

**TRAVEL REIMBURSEMENT – FEDERAL PROGRAMS**

The board shall reimburse employees and school board for travel costs incurred in the course of performing services related to official business as a federal grant recipient. School board members must have prior written approval from the federal awarding agency or pass-through entity to get reimbursement for expenses specifically related to a federal award.

For purposes of this procedure, travel costs shall mean the expenses for transportation, lodging, subsistence, and related items incurred by employees and/or board members who are in travel status on official business as a federal grant recipient.

Board members and district employees shall comply with applicable board policies established for reimbursement of travel and other expenses.

The validity of payments for travel costs for all district employees shall be determined by the superintendent or designee.

Travel costs shall be reimbursed on a mileage basis for travel using an employee's or board member's personal vehicle and on an actual cost basis for meals, lodging and other allowable expenses, consistent with those normally allowed in like circumstances in the district's nonfederally funded activities, and in accordance with the district's travel expenses policy GAN.

Mileage reimbursements shall be at the rate approved by the board for other district travel reimbursements. Actual costs for meals, lodging, and other allowable expenses shall be reimbursed only to the extent they are reasonable and do not exceed the per diem limits established by the **{board/the federal General Services Administration for federal employees for locale where incurred.}**

All travel costs must be presented with an itemized, verified statement prior to reimbursement.

In addition, if these costs are charged directly to the federal award, documentation must be maintained that justifies that:

Participation of the individual is necessary to the federal award, and

The costs are reasonable and consistent with the district's established policy.

# GARA BLOODBORNE PATHOGEN PLAN

## SAMPLE EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS IN

U.S.D. NO. \_\_\_\_\_, \_\_\_\_\_ COUNTY, KANSAS

### INTRODUCTION

In late 1991, the Occupational Safety and Health Administration issued safety standard regulations for the handling of bloodborne pathogens by entities subject to its control. Although public entities in the State of Kansas are not subject to OSHA, state statutes gave the Kansas Department of Human Resources the authority to inspect public entities, such as school districts, for safety. In the spring of 1992, KDHR announced that it would apply the OSHA standard for bloodborne pathogens to public entities in the State of Kansas. Although the KDHR is no longer in existence, this Exposure Control Plan will be implemented in U.S.D. No. \_\_\_\_ to achieve compliance with the prior state directive and is considered best practice procedure to help protect our staff and students in the school setting.

### EXPOSURE DETERMINATION

For purposes of this plan "occupational exposure" means reasonably anticipated skin, eye, mucous membrane, or parenteral (piercing mucous membranes or the skin barrier through needle sticks, human bites, cuts, abrasions, etc.) contact with blood or other potentially infectious materials (OPIMs) that may result from the performance of the employee's duties. OPIMs include body fluids such as semen, vaginal secretions, respiratory discharge, tears, vomitus, urine, feces, saliva in dental procedures, etc. For purposes of this plan, employees of the district, by job classifications have been divided into three categories:

#### Category I

All employees in the following job classifications at U.S.D. No. \_\_\_\_ have occupational exposure:

[The district here should fill in all job classifications in which occupational exposure will occur. Custodians, school nurses, athletic trainers, coaches, and special education teachers or paraprofessionals who work with exceptional children who are at high risk for Hepatitis B are likely to fall in this category.]

#### Category II

Some employees in the following job classifications in U.S.D. No. \_\_\_\_ may have an occasional occupational exposure:

## **GARA BLOODBORNE PATHOGEN PLAN**

[Fill in all job classifications in which occupational exposure may occur for some employees within the classification. Teachers, teacher aides, some paraprofessionals, and persons who occasionally render first aid are likely to fall in this category.]

### **Category III**

Some employees in U.S.D. No. \_\_\_\_ are unlikely to have occupational exposure. Their job classifications include:

[Fill in all job classifications in which exposure is unlikely. Central office administrators and clerical personnel are likely to fall within this category.]

The following is a list of tasks and procedures or groups of closely related tasks and procedures in the school district in which occupational exposure occurs or is likely to occur, and by which employees in which job classifications such tasks are performed.

### **TASK OR PROCEDURE JOB CLASSIFICATION**

Cleaning and bandaging scrapes, Teachers, teacher-aides, school cuts or abrasions nurse, coaches, athletic trainers

Cleaning vomitus from the floor Custodians

[The district should consider all situations in which employees may be exposed to blood or OPIMs, and include a comprehensive list in this portion of the control plan. The preceding are only examples of the types of tasks which should be included.]

## **IMPLEMENTATION SCHEDULE AND METHODOLOGY**

### **METHODS OF COMPLIANCE**

"Universal Precautions" is an approach to infection control. According to the concept of Universal Precautions, all human blood and certain human body fluids are treated as if known to be infectious for Human Immunodeficiency Virus (HIV) or Hepatitis B Virus (HBV). Universal Precautions shall be observed in U.S.D. No. \_\_\_\_ to prevent contact with blood and OPIMs.

### **ENGINEERING AND WORK PRACTICE CONTROLS**

Engineering and work practice controls will be used to eliminate or minimize all employee exposure. Where exposure potential remains, personal protective equipment shall also be used.

### **ENGINEERING CONTROLS**

Engineering controls are controls which isolate or remove the bloodborne pathogen hazard from the workplace. The following engineering controls will be used in the district:

The district will maintain appropriate containers for the disposal of needles or sharps in the following areas:

[List any area where a person may use a needle for injection, e.g., injections of insulin for a student or employee. The district may want to limit the areas in which such injections will be allowed to the nurse's office or other central area in the building.]

The district will maintain appropriate receptacles for the deposit of contaminated clothing, protective clothing, and other articles.

Engineering controls will be examined, maintained, or replaced on a regularly scheduled basis.

## **GARA BLOODBORNE PATHOGEN PLAN**

<b>CONTROL</b>	<b>INSPECTED</b>	<b>BYTIMELINE</b>
Sharps disposal containers	School nurse	Monthly
Receptacles	Custodian	Daily

[List any engineering controls the district will use and the schedule for their inspection. The preceding are examples of the types of controls which should be included.]

### **WORK PRACTICE CONTROLS**

Work practice controls are those controls that reduce the likelihood of an exposure by altering the manner in which the task is performed.

The following work practice controls apply in U.S.D. No. \_\_\_\_:

Contaminated needles will not be bent, recapped or removed and will be disposed of in appropriately labeled containers.

Eating, drinking, smoking, applying cosmetics, applying lip balm and the handling of contact lenses is prohibited in areas where there is a reasonable likelihood of occupational exposure.

Food and drink cannot be kept in any area where blood or OPIMs are present.

Procedures involving blood or OPIMs will be performed in a manner to minimize splashing, spraying, or spattering.

Mouth suctioning of blood or OPIMs is prohibited.

Specimens of blood or OPIMs should not be brought to or taken in the school. If specimens of blood or OPIMs are present in the school they should be in leakproof containers, appropriately labeled, and closed prior to storing or transporting.

Equipment which may become contaminated with blood or OPIMs shall be decontaminated, or appropriately labeled, as soon as is feasible after the contamination occurs. Affected employees and, if necessary, outside servicing agents, will be informed of the contamination of the equipment prior to any handling, servicing or shipping of the equipment.

### **HANDWASHING FACILITIES**

Handwashing facilities are provided for all students and employees of the district. Because washing one's hands with soap and running water is one of the most effective ways to prevent the spread of disease through blood or OPIMs, employees shall wash their hands with soap and water whenever exposure occurs. Although handwashing may be advisable in other situations, employees must thoroughly wash their hands, or any other exposed or contaminated skin with soap and water in these situations:

1. Immediately after the removal of gloves or other personal protective equipment.
2. Following contact of hands or other skin with blood or OPIMs.

In some situations, such as on athletic facilities or field trips, handwashing facilities may not be available. In this case, the person in charge of the event (football coach, teacher who is taking the class on a field trip, etc.) shall ensure that antiseptic towelettes are available for use. Antiseptic towelettes which may be used for this purpose are stored (place of storage) and may be obtained through (name of person to contact). Whenever an employee uses an

## **GARA BLOODBORNE PATHOGEN PLAN**

antiseptic towelette, the employee shall thoroughly wash his or her hands with soap and water as soon as it is feasible to get to a handwashing facility.

### **PERSONAL PROTECTIVE EQUIPMENT**

It shall be the responsibility of each building principal to ensure that appropriate personal protective equipment is available and readily accessible for each employee's use at no cost to the employee. The principal shall also ensure that all employees use personal protective equipment when there is occupational exposure. In the event that an employee, exercising his or her personal judgment, fails to use protective equipment, the circumstances will be investigated and documented in order to determine whether changes can be instituted to prevent future occurrences.

It shall be the responsibility of any employee who uses personal protective equipment to place the equipment in the appropriately designated receptacle for storage, washing, decontamination or disposal after its use. These receptacles are located (place where the receptacles are located). The school district shall be responsible for storing, cleaning, laundering, decontaminating, repairing, replacing or disposing of such equipment.

All personal protective equipment which is penetrated by blood or OPIMs should be removed as soon as is feasible and placed in the appropriate receptacle.

Personal protective equipment is stored (place of storage). The equipment may be checked out or obtained for use by contacting (name of the person to contact). The following personal protective equipment is available in the district for use by its employees:

Gloves. Gloves shall be worn by any employee when it is reasonably anticipated that there will be hand contact with blood, OPIMs, mucous membranes or non-intact skin. Gloves shall also be worn when handling or touching contaminated items or surfaces.

Disposable (single use) gloves are available for employee use in situations where such use is warranted or directed. These gloves should be deposited by the employee in the appropriate container for disposal immediately following their use. Handwashing after removing the gloves is required.

Utility gloves are assigned to some employees. These gloves may be decontaminated for reuse, and should be deposited in the appropriate container for washing or decontamination. Any employee to whom utility gloves are assigned shall be responsible for regularly inspecting these gloves for punctures, cracking or deterioration. The employee shall dispose of such gloves when their ability to function as a barrier is compromised. The employee shall report the disposal of the gloves to (name) who shall ensure that a new pair of utility gloves is assigned to the employee.

Masks, eye protection, and face shields. This type of protective equipment shall be worn whenever splashes, spray, splatter or droplets of blood or OPIMs may be generated and eye, nose or mouth contamination can be reasonably anticipated.

Gowns, lab coats, aprons, and other protective body clothing. This type of protective clothing shall be worn in occupational exposure situations. The type of protective clothing necessary will depend on the degree of exposure, and shall be left to the employee's judgment.

### **HOUSEKEEPING**

It shall be the responsibility of (name(s) of person responsible) to see that each worksite and building in the district is maintained in a clean and sanitary condition.

## **GARA BLOODBORNE PATHOGEN PLAN**

All equipment and environmental and working surfaces shall be cleaned and decontaminated with an appropriate disinfectant as soon as feasible after contact with blood or OPIMs.

Protective coverings used to cover equipment and environmental surfaces shall be removed and decontaminated or replaced as soon as feasible when they become overtly contaminated.

All bins, pails, cans, and waste paper baskets shall be inspected, cleaned, and decontaminated on a regularly scheduled basis, or as soon as feasible upon visible contamination.

Broken glassware shall not be picked up by hand, but by using a broom and dustpan, tongs, vacuum cleaner or other mechanical means.

The following cleaning schedule and method of decontamination will be implemented in the district:

<b>AREA</b>	<b>SCHEDULED CLEANING</b>	<b>METHOD</b>
[The cleaning schedule for all worksites and areas in the district's buildings should be listed here. The method by which the areas will be decontaminated (e.g., disinfectant) should also be listed.]		

All contaminated and regulated waste will be disposed of in compliance with state and federal regulations.

### **LAUNDRY**

The school district will use Universal Precautions with all soiled or contaminated laundry. Any contaminated items which can be laundered will be bagged at the site of the contamination and handled as little as possible. If the items are wet, leakproof bags or containers shall be used. Such items shall not be sorted or rinsed at the site of the contamination. The bags shall be deposited in the appropriately labeled receptacle in the building.

Any employee who comes into contact with contaminated items or laundry shall wear gloves and other personal protective equipment as deemed necessary or appropriate.

[If the district uses a laundry service which does not use Universal Precautions the following sentences should be added: Any contaminated laundry will be transported in red or appropriately labeled leakproof bags. The district will provide the laundry service with a copy of the OSHA bloodborne pathogen standard.]

### **HEPATITIS B VACCINATION**

The School District will make the Hepatitis B vaccine and vaccination series available to any employee of the district who has occupational exposure and falls within Category I of the exposure determination. In light of the OSHA directive in early July, 1992, indicating that persons who render first aid only as a collateral duty, responding solely to injuries resulting from work place incidents, generally at the location where the injury occurred may be offered post-exposure vaccination rather than pre-exposure vaccination, the district will make the Hepatitis B vaccine and vaccination series available to employees in categories II and III within 24 hours of possible exposure to HBV.

The Hepatitis B vaccination and any medical evaluation required before the vaccine can be administered will be provided to the employee at no cost. No employee shall be required to participate in a prescreening program as a prerequisite for receiving the Hepatitis B vaccination. The vaccine will be offered after the employee has received training on bloodborne pathogens and within 10 working days of an employee's initial assignment to work involving the potential for occupational exposure, unless the employee has previously been vaccinated, antibody testing has revealed that the employee is immune, or the vaccine is contradicted for medical reasons.

Employees who decline the Hepatitis B vaccine will sign a waiver form as required by Appendix A of the OSHA standard. (A copy of the required waiver form is attached to this plan.) (Name of person) shall be responsible for

## **GARA BLOODBORNE PATHOGEN PLAN**

assuring that the vaccine is offered, and that the necessary waiver is signed and appropriately filed for any employee who declines to accept the Hepatitis B vaccination which was offered.

Any employee who initially declines the Hepatitis B vaccination may later request the vaccination. The district will provide the vaccination for the employee at that time.

(Name of physician or health care professional) will administer the vaccine to employees of the district at (name of clinic, office, or hospital). [The district should determine how and where the vaccine will be administered and fill in the details here after consulting with the local physician who will be administering the vaccine. Because the district is responsible for paying for the vaccine, you may want to have an administrator in the district arrange appointments for the employees.]

Although booster doses of Hepatitis B vaccine are not currently recommended by the U.S. Public Health Service, if such booster doses are recommended in the future, the district will make the booster doses available at no cost to all employees who have occupational exposure.

### **REPORTING PROCEDURES FOR FIRST AID INCIDENTS**

Whenever an employee in category II or III is involved in a first aid incident which results in potential exposure, the employee shall report the incident to (name) before the end of the work shift during which the incident occurred. The employee must provide (name) with the names of all first aid providers involved in the incident, a description of the circumstances of the accident, the date and time of the incident, and a determination of whether an exposure incident, as defined in the OSHA standard and this policy, has occurred. The information shall be reduced to writing by (name) and maintained in the first aid incident report file. The district will maintain a list of such first aid incidents which will be readily available to all employees and provided to applicable investigatory government agencies upon request. Any employee who renders first aid or other assistance in any situation involving the presence of blood or OPIMs, regardless of whether or not a specific exposure incident occurs, will be offered the full Hepatitis B immunization series as soon as possible, but in no event later than 24 hours after the incident occurs. If an exposure incident has occurred, other post-exposure evaluation and follow-up procedures will be initiated as well.

### **POST-EXPOSURE EVALUATION AND FOLLOW-UP**

An exposure incident occurs when there is specific mucous membrane, non-intact skin or parenteral contact with blood or OPIMs. Whenever an employee has an exposure incident in the performance of his or her duties, an opportunity for a confidential post-exposure evaluation and follow-up will be provided to the employee at the expense of the district.

Post-exposure evaluation and follow-up shall be performed by (name(s) of physician(s) or other qualified licensed health care professional(s)) at (name of place(s)) according to recommendations of the U.S. Public Health Service current at the time these evaluations and procedures take place. The district will make sure that any laboratory tests required by the evaluation or follow-up procedures are conducted at an accredited laboratory at no cost to the employee.

Whenever an exposure incident occurs, the exposed employee shall report the incident to (name), who will explain to the employee his or her right to a post-exposure evaluation and follow-up. If the employee desires an evaluation, (name) will contact (name of person who will do the evaluation) as soon as feasible to arrange for the post-exposure evaluation for the employee.

A post-exposure evaluation and follow-up will include the following elements:

1. Documentation of the circumstances under which the exposure incident occurred, including the route(s) of the employee's exposure.

## **GARA BLOODBORNE PATHOGEN PLAN**

2. Identification and documentation of the source individual whose blood or OPIMs caused the exposure, unless identification is infeasible or prohibited by law.
3. Unless the source individual is known to be infected with HBV or HIV, the school district through (name) will seek the consent of the source individual for blood testing for HBV or HIV. Failure to obtain consent will be documented by the district.
4. If the source individual consents, results of the source individual's blood testing will be made available to the exposed employee, along with information on laws concerning the disclosure of the identity and infectious status of the source individual.
5. If the exposed employee consents, blood testing of his or her blood will be completed as soon as possible. If the employee consents to baseline blood collection, but not to HIV serologic testing, the blood sample will be retained for 90 days. The employee may request testing of the sample at any time during the 90-day period.
6. The exposed employee will be offered post-exposure prophylaxis in accordance with current recommendations of the U.S. Public Health Service. These recommendations are currently as follows: If the source individual has AIDS, is HIV positive, or refuses to be tested, the employee should be counseled regarding the risk of infection and evaluated clinically and serologically for evidence of HIV infection as soon as possible after the exposure. The employee should be advised to report and seek medical evaluation for any acute febrile illness that occurs within 12 weeks after the exposure. Retesting on a periodic basis may be necessary. During this follow-up period, especially the first 6-12 weeks after exposure, the employee should follow recommendations for preventing the transmission of the virus.
7. The exposed employee will be offered counseling concerning precautions to take during the period after the exposure incident. The employee will also be given information on what potential illnesses to be alert for and to report any related experiences to appropriate personnel. Reports should be made to (name).

## **WORKING WITH THE HEALTH CARE PROFESSIONAL**

## **WRITTEN OPINION OF THE HEALTH CARE PROFESSIONAL**

Following post-exposure evaluation, the health care professional shall provide the school district with a copy of his or her written opinion within 15 days after the completion of the evaluation. This opinion shall include:

1. An opinion on whether Hepatitis B vaccination is indicated for the employee, and if the employee has received the vaccination.
2. A statement that the employee has been informed of the results of the evaluation and about any medical conditions resulting from exposure to blood or OPIMs which require further evaluation or treatment.

All other findings or diagnoses shall remain confidential between the employee and the health care provider and shall not be included in the written opinion.

## **GARI FAMILY AND MEDICAL LEAVE PLAN**

(Remove this page from the policy book)

### **SAMPLE: FAMILY AND MEDICAL LEAVE PLAN**

Family and medical leave as required by federal law shall be granted for a period of up to 12 weeks during a 12-month period. For purposes of this policy, a 12-month period shall be defined as a fiscal year beginning on July 1 and ending the following June 30. Spouses who are eligible for FMLA leave and are both employed by the district may be limited to a combined total of 12 weeks of leave during any 12-month period if the leave is taken for birth of the employee's son or daughter or to care for the child after birth, for placement of a son or daughter with the employee for adoption or foster care or to care for the child after placement, or to care for the employee's parent with a serious health condition.

Leave is available for the following:

- (1) the birth of a son or daughter of the employee and to care for the newborn child;
- (2) the placement of a son or daughter with the employee for adoption or foster care and to care for the newly placed child;
- (3) to allow the employee to care for the employee's spouse, son, daughter, or parent with a serious health condition;
- (4) a serious health condition of the employee that makes the employee unable to perform the functions of his or her job;
- (5) any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to achieve active duty) in support of a contingency operation; and
- (6) the need to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the service member. Eligible employees are, for reason (6) only, entitled to a combined total of 26 workweeks of leave during a 12-month period.

This leave shall normally be unpaid leave. However, if the employee has any paid vacation, personal, or sick leave that is available for use because of the reason for the leave, the paid leave shall be used concurrently with the annual family and medical leave. The superintendent will notify the employee of the beginning date of family and medical leave and the amount of the employee's accrued paid leave designated as family and medical leave.

The employee is eligible for family and medical leave if he or she has been employed by the district for at least 12 months and has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the FMLA leave.

During the period of any unpaid family and medical leave, the board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to the leave. Any employee portion of the cost shall be paid by the employee to the clerk of the board on the payroll date or other time as the employee and superintendent may agree prior to the commencement of the leave. The board may terminate group health coverage if the employee's portion of the payment is not received within 30 days of the due date, so long as written notice of the delinquency in payment and the notice of intent to terminate coverage are sent at least 15 days prior to the termination.

## **GARI FAMILY AND MEDICAL LEAVE PLAN**

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as is practicable.

Upon the employee providing notice of need for leave, the employer will notify the employee of the following within 5 business days, absent extenuating circumstances:

- a. whether or not the employee is eligible for FMLA leave, and the reasons that leave will or will not count as family and medical leave;
- b. any requirements for medical certification;
- c. employer requirement of substituting paid leave;
- d. requirements for premium payments for health benefits and employee responsibility for repayment if employer pays employee share;
- e. right to be restored to same or equivalent job; and
- f. any employer required fitness-for-duty certifications.

The superintendent may require an instructional employee to continue leave until the end of a semester if the leave begins more than five (5) weeks before the end of a semester, lasts more than three (3) weeks and the return would occur during the last three (3) weeks of the semester.

Leave for reason 1 or 2 must be taken within 12 months of the date of birth or placement of the child. Family leave for reasons 1 or 2 may not be used intermittently or on a part-time basis without the prior approval of the superintendent.

If the leave is for a reason other than the employee's serious health conditions or for a qualifying exigency as described in section (5) above, the superintendent may require an instructional employee to continue leave until the end of a semester, if:

1. the leave begins in the last five (5) weeks of a semester, will last more than two (2) weeks and the return to work would occur in the last two (2) weeks of a semester, or
2. the leave begins in the last three (3) weeks of a semester, and lasts more than five (5) days.

### **Goals:**

It is the policy of USD 381 to take the following technology protection or other specified measures in order to better protect our district students from harmful online and electronically transmitted content:

- monitor the online activities of students while at school, at school sponsored activities, or while utilizing the district's network, computer system, computers, e-mail system, or electronic devices having access to the Internet;
- address issues related to the safety of students when using e-mail, chat rooms, and other electronic communication;
- educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms as well as on cyberbullying awareness and response;
- hinder unauthorized access (hacking) and other unlawful on-line activities by students; and
- prevent unauthorized disclosure, use, or dissemination of personal information regarding minors, which shall include, but may not be limited to, personally identifiable information contained in student records; and
- comply with the Children's Internet Protection Act.

### **Access to Inappropriate Material**

To the extent practicable, technology protection measures or Internet filters shall be used to block or filter the Internet or other forms of electronic devices from accessing child pornography as well as obscene, inappropriate, or harmful material given the age and maturity levels of district students. It is the district's goal to implement and enforce technology protection measures under this plan in such a way

## **IIBGA CHILDREN'S INTERNET PROTECTION PLAN**

as to ensure no minor has access to visual depictions that are child pornography, harmful to minors, or obscene.

Subject to administrative approval, technology protection measures may be minimized only for bonafide research or other lawful purposes that are closely monitored by district staff.

### **Inappropriate Network Usage**

To the extent practicable, steps shall be taken to promote the safety and security of users of the district's online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, in accordance with CIPA, measures to prevent inappropriate network usage shall include frequent monitoring of the District's network, computer systems, and equipment to detect any unauthorized access to prohibited materials as described earlier in this plan, hacking, and other unlawful activities by students or staff members. Such monitoring shall also strive to detect unauthorized disclosure, use, and dissemination of personally identifiable information regarding students.

### **Education, Supervision and Monitoring**

It shall be the responsibility of all members of the District's staff to educate, supervise, and monitor appropriate usage of online computer network access to the internet in accordance with this policy and CIPA. If, during the course of such monitoring, a student or staff member discovers a violation of this policy, the student or staff member shall make a report as follows:

- 1) Students shall report suspected violation of this policy to any classroom teacher.
- 2) Staff members shall report suspected violations of this policy to their immediate supervisor when possible.

## **Homeless Student Regulations**

### **Required by Federal and State Law**

**NOTE:** This document **MUST** be approved by board action to become policy. File with clerk, distribute to principals, and duplicate as necessary in district newsletters and other documents.

#### **Homeless students shall, by definition, include the following:**

1. Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals.
2. Children and youth who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.
3. Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
4. Migratory children who meet one of the above-described circumstances.

#### Enrollment/Placement (See JBC)

The district, according to the child's or youth's best interest, shall either continue the child's or youth's education in the school of origin for the duration of homelessness in any case in which: 1) a family becomes homeless between academic years or during an academic year; and 2) for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

#### School Stability

In determining the best interest of the child or youth, the district homeless student liaison shall:

## **JBCA HOMELESS STUDENTS**

- 1) presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- 2) consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth;
- 3) if, after conducting the best interest determination based on consideration of the presumption in clause (1) and the student-centered factors in clause (2), it is determined that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal such determination; and
- 4) in the case of an unaccompanied youth, ensure that the district homeless student liaison assists in placement or enrollment decisions under this subparagraph, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

### **Immediate Enrollment**

The school selected shall immediately enroll the homeless child or youth, even if the child or youth:

- 1) is unable to produce records normally required for enrollment, such as previous academic records, records of immunization and other required health records, proof of residency, or other documentation; or
- 2) has missed application or enrollment deadlines during any period of homelessness.

## **JBCA HOMELESS STUDENTS**

### **Relevant Academic Records**

The enrolling school shall immediately contact the school last attended by the child or youth to obtain relevant academic and other records.

### **Relevant Health Records**

If the child or youth needs to obtain immunizations or other required health records, the enrolling school shall immediately refer the parent or guardian of the child or youth, or (in the case of an unaccompanied youth) the youth, to the district homeless student liaison, who shall assist in obtaining necessary immunizations or screenings, or immunization or other required health records.

### **Records**

Any record ordinarily kept by the school, including immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, regarding each homeless child or youth shall be maintained so that the records involved are available, in a timely fashion, when a child or youth enters a new school or school district and in a manner consistent with the Family Educational Rights and Privacy Act. See policies JR through JRD.

### **Enrollment Disputes**

If a dispute arises over eligibility, school selection, or enrollment in a school:

- 1) the child or youth shall be immediately enrolled in the school in which enrollment is sought (whether sought by the parent, guardian, or unaccompanied youth), pending final resolution of the dispute, including all available appeals;
- 2) the parent or guardian of the child or youth or (in the case of an unaccompanied youth) the youth shall be provided with a written explanation of any decisions related to school selection or enrollment made by the school, the local educational agency, or the State educational agency involved, including the rights of the parent, guardian, or unaccompanied youth to appeal such decisions; and

## **JBCA HOMELESS STUDENTS**

- 3) the parent, guardian, or unaccompanied youth shall be referred to the district homeless student liaison, who shall carry out the dispute resolution process as expeditiously as possible after receiving notice of the dispute.

### **Placement Choice**

The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

### **Privacy**

Information about a homeless child's or youth's living situation shall be treated as a student education record, and shall not be deemed to be directory information, under policy JRB.

### **Contact Information**

Nothing shall prohibit the district from requiring a parent or guardian of a homeless child or youth to submit contact information.

### **Definition**

The term “school of origin” means the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool.

When the child or youth completes the final grade level served by the school of origin, the term “school of origin” shall include the designated receiving school at the next grade level for all feeder schools.

### **Comparable Services**

Each homeless child or youth shall be provided services comparable to services offered to other students in the school selected, including:

- 1) Transportation services;
- 2) Educational services for which the child or youth meets the eligibility criteria, such as services provided under title I of the Elementary and Secondary Education Act of 1965 or

## **JBCA HOMELESS STUDENTS**

similar State or local programs, educational programs for children with disabilities, and educational programs for English learners;

- 3) Programs in career and technical education;
- 4) Programs for gifted and talented students; and
- 5) School nutrition programs.

### **Coordination**

The district shall coordinate the provision of services under these regulations with the Department for Children and Families and other agencies or entities providing services to homeless children and youths and their families, including services and programs funded under the Runaway and Homeless Youth Act (42 U.S.C. 5701 et seq.), and transportation, transfer of school records, and other interdistrict activities, with other local educational agencies.

### **Housing Assistance**

If applicable, the district shall coordinate with state and local housing agencies responsible for developing the comprehensive housing affordability strategy to minimize educational disruption for children and youths who become homeless.

The coordination required shall be designed to:

- 1) ensure that all homeless children and youths are promptly identified;
- 2) ensure that all homeless children and youths have access to, and are in reasonable proximity to, available education and related support services; and
- 3) raise the awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness.

### **Homeless Children and Youths With Disabilities**

For children and youths who are both homeless and eligible for services under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the district shall coordinate the provision of services under these regulations with the provision of programs for children with disabilities served by the district and other involved local educational agencies.

## **JBCA HOMELESS STUDENTS**

### District Homeless Student Liaison

The board designates the following individual to act as the district's homeless student liaison: (Name of Office) (Business Address) (Phone-Fax). The district shall inform school personnel, service providers, and advocates working with homeless families of the duties of this liaison.

The district homeless student liaison shall ensure:

- 1) homeless children and youths are identified by school personnel through outreach and coordination activities with other entities and agencies;
- 2) homeless children and youths are enrolled in, and have a full and equal opportunity to succeed in, district schools;
- 3) homeless families and homeless children and youths have access to and receive educational services for which such families, children, and youths are eligible, including services through Head Start programs (including Early Head Start programs) under the Head Start Act (42 U.S.C. 9831 et seq.), early intervention services under part C of the Individuals with Disabilities Education Act (20 U.S.C. 1431 et seq.), and other preschool programs administered by the local educational agency;
- 4) homeless families and homeless children and youths receive referrals to health care services, dental services, mental health and substance abuse services, housing services, and other appropriate services;
- 5) the parents or guardians of homeless children and youths are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- 6) public notice of the educational rights of homeless children and youths is disseminated in locations frequented by parents or guardians of such children and youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form understandable to the parents and guardians of homeless children and youths, and unaccompanied youths;

## **JBCA HOMELESS STUDENTS**

- 7) enrollment disputes are mediated in accordance with these regulations;
- 8) the parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin, and is assisted in accessing transportation to the school that is selected;
- 9) school personnel providing services under these regulations receive professional development and other support; and
- 10) unaccompanied youths:
  - a. are enrolled in school;
  - b. have opportunities to meet the same challenging state academic standards as Kansas establishes for other children and youth; and
  - c. are informed of their status as independent students under federal law regarding student financial assistance for higher education acquisition and that the youths may obtain assistance from the district homeless student liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid.

The liaison shall also work with the state coordinator for education of homeless children and youth to request and receive needed technical assistance and monitoring to ensure the district complies with federal and state law regarding homeless students. Similarly, the liaison will coordinate with the state coordinator in order to provide professional development opportunities for district personnel to aid them in identifying and meeting the needs of homeless children and youths and will respond to inquiries from parents, guardians, and homeless children and youths to ensure they are provided with the full protection of the law and services they are due.

### **Notice**

The district shall inform school personnel, service providers, advocates working with homeless families, parents and guardians of homeless children and youths, and homeless children and

## **JBCA HOMELESS STUDENTS**

youths of the duties of the district homeless student liaison, and publish annually updated contact information for the liaison on the district's website.

### **Local and State Coordination**

The district homeless student liaison, as a part of assigned duties, shall coordinate and collaborate with state coordinators, the community, and school personnel responsible for the provision of education and related services to homeless children and youths. Such coordination shall include collecting and providing to the state coordinator the reliable, valid, and comprehensive data.

### **Homeless Status**

The district homeless student liaison may affirm, without further agency action by the Department of Housing and Urban Development, that a child or youth who is eligible for and participating in a program provided by the district, or the immediate family of such a child or youth, who meets the eligibility requirements, is eligible for such program or service.

### **Dispute Resolution Process**

A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the district's homeless student liaison. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless student liaison. The written complaint must include the following information: date of filing, description of concerns, the name of the person or persons involved, and a recapitulation of the action taken during the informal charge stage. Within five (5) working days after receiving the complaint, the liaison shall state a decision in writing to the complainant, with supporting evidence and reasons. In addition, the liaison will inform the superintendent of the formal complaint and the disposition.

### **Transportation (See EDAA, JBC and JGG)**

If it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless coordinator. If the student's temporary housing is outside the attendance area of the school of origin, then the district will work with the school of origin to agree on

a method to apportion the responsibility and costs for transporting the child. If an agreement cannot be reached, the costs will be shared equally.

## **Foster Care Student Regulations**

### **To Aid In Implementation of Federal Law**

**NOTE:** This document **MUST** be approved by board action to become policy. File with clerk, distribute to principals, and duplicate as necessary in district newsletters and other documents.

The Every Student Succeeds Act (“ESSA”) addresses additional protections for students in foster care and establishes a system of joint responsibility for school districts, the Kansas State Department of Education (“KSDE”), and the Kansas Department for Children and Families (“DCF”) to ensure the educational stability of students in foster care.

For the purposes of these regulations, “foster care” means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child-care institutions, and pre-adoptive homes.

#### Transportation of Students in Foster Care

ESSA requires each Kansas school district to collaborate with child welfare agencies, such as DCF and tribal child welfare agencies, to develop and implement clear, written procedures for how transportation to maintain a student in foster care in his or her school of origin (when in the student’s best interest) will be provided, arranged, and funded. The procedures must ensure that the transportation will be provided promptly, in a cost-effective manner, and in accordance with federal law. Also, they must address how additional costs will be absorbed. Therefore, if there are any additional costs incurred to maintain a foster care student in his or her school of origin, the district will provide the transportation if:

1. DCF agrees to reimburse the district for the additional costs;
2. The district agrees to pay the additional costs; or
3. DCF and the district split the additional costs.

## **JBCB FOSTER CARE STUDENT REGULATIONS**

Upon request, the district will provide an assurance to KSDE that the district has transportation procedures meeting the above requirements.

### **Additional Costs**

“Additional costs” reflect the difference between what the district would spend to transport a student to the assigned school and the cost of transporting a student in foster care to his or her school of origin. Title I, Part A funds may be used to pay for additional transportation costs in Title I districts.

### **School of Origin**

The “school of origin” is the school in which a student is enrolled at the time of placement in foster care or of a change in placement. A student in foster care is entitled to remain enrolled in his or her school of origin unless it is determined not to be in the student’s best interest to stay at that school.

### **Best-Interest Determination**

DCF will make the final decision regarding whether it is in a student’s best interest to remain in the school of origin. District staff may be asked to provide information on the “educational best interest” of the student to support educational decision-making based on what is best for the student academically. For students receiving special education and related services under the Individual with Disabilities Education Act or for students on Section 504 accommodation plans, it is recommended that relevant team members should be consulted in the best interest determination process, as the district will still be required to ensure compliance with Least Restrictive Environment requirements.

The United States Department of Education has provided a list of factors that may be considered in determining the student’s educational best interest, which include appropriateness of the current setting, proximity of placement to school attendance centers, the child’s preference, the parents’ preference, the child’s attachment to the school of origin, where siblings will be placed, and the availability of needed services. The “best-interest determination” may not be made based on transportation costs or funding.

### **District Foster Care Liaison**

## **JBCB FOSTER CARE STUDENT REGULATIONS**

The “district foster care liaison” is a district employee who facilitates the enrollment in or transfer to a public school of a student in the district who is a ward of the state. The district’s foster care liaison is considered the designated point of contact for collaboration with DCF on transportation procedures.

The District has designated the following staff person as the District foster care liaison:

Name:

Position:

E-mail:

Address:

Telephone:

### Child Welfare Agency

In Kansas, DCF is the regular child welfare agency for collaboration on transportation procedures. The Child Protective Services (“CPS”) division of DCF will typically be the division that works with the district on issues related to students in foster care, however, tribal child welfare agencies may also be involved with this process. Therefore, whenever DCF is used in these regulations, it may be deemed to apply to any child welfare agency based on the circumstances.

### Child Welfare Contact

The district, if receiving Title I, Part A funds, must collaborate on transportation procedures with the DCF-designated contact if DCF notifies the district in writing that DCF has designated an employee to serve as a point of contact for the district.

Approved: 4/8/2019

KASB Recommended Regulations – 12/16; 12/18

## **JBCB FOSTER CARE STUDENT REGULATIONS**

### **General Transportation Procedures (OPTIONAL)**

*To ensure that transportation is provided promptly when it is determined to be in the best interest of a student in foster care to remain in the school of origin, the district has developed the following transportation procedures. These procedures will guide the development of an individual transportation plan for a student needing transportation to his or her school of origin.*

#### **Funding Strategies**

*The district and DCF have identified the following funding options that may be implemented if additional costs to transport a student in foster care to the school of origin are determined:*

*(Adjust the items below to include those agreed upon by the district and DCF. Consider any cost-sharing strategies that the district has used successfully with neighboring districts in transporting students who are homeless to and from their school of origin or any other programs where transportation costs are shared.)*

- 1. Cost sharing between the district and DCF through use of a specific transportation strategy in which each party is responsible for a segment of the transportation;*
- 2. Offset of costs by DCF, such as using Title IV-E funds paid to a foster parent or caregiver for transportation;*
- 3. Cost sharing between the school district of attendance and the school district where the student is living;*
- 4. Use of the district's Title I funds;*
- 5. Use of Medicaid reimbursements if the IEP for a student receiving special education services will include transportation as a related service;*
- 6. Use of any available grant funds; and*
- 7. [Other].*

#### **Transportation Strategies**

*The following transportation strategies may be considered in achieving transportation to a student's school of origin:*

## **JBCB FOSTER CARE STUDENT REGULATIONS**

*(Adjust the items below to include those agreed upon by the district and DCF. Consider any strategies that have been used successfully to transport students who are homeless to and from their school of origin and effective practices currently used to share transportation costs with neighboring districts, community partners, or others.)*

1. *Arranging transportation by the foster parent or caregiver to the school of origin or to a bus stop on a route to the school of origin, such as when the foster parent lives within a certain distance from the school of origin;*
2. *Arranging transportation by a relative or another adult approved by DCF with whom the student has a relationship and whose existing commute aligns with the student's transportation need to the school of origin or a bus stop on a route to the school of origin;*
3. *Maximizing the existing district transportation system by exploring ways the student can be transported to an existing bus stop that serves the school of origin (options to transport the student to an existing bus stop could occur through use of public transportation with a bus pass or transportation voucher, or transportation by the foster parent or caregiver, a relative, or another adult with whom the student has a relationship);*
4. *Using existing intradistrict transportation options that allow students to be transported within the district, such as routes for students who are homeless, students attending magnet programs, or students receiving special education services (this option may require the addition of a bus stop on an existing route or that an existing route be rerouted to accommodate the transportation needs);*
5. *Coordinating with the district in which the student is living to provide transportation to the district boundaries or an existing bus stop within the district;*

## **JBCB FOSTER CARE STUDENT REGULATIONS**

6. *Evaluating whether an IEP for a student receiving special education services will include transportation to the student's special education program at the school of origin as a related service;*
7. *Contracting with a private transportation company, such as a taxi service, for the student's transportation needs;*
8. *Using public transportation with a bus pass or transportation voucher;*
9. *Adding a district transportation route; or*
10. *[Other].*

### **Individual Transportation Plan**

*When DCF determines that the best interest of a student in foster care is to remain in the school of origin, the district foster care liaison will take steps to promptly collaborate with relevant DCF staff on how transportation to the school of origin will be provided, arranged, and funded.*

*When possible, and to allow for adequate consideration of the student's needs, individual transportation planning will begin in advance of placement changes and will occur in coordination with the consultation on the student's educational best interest.*

*The district foster care liaison will convene a meeting to establish an individualized transportation plan for the student. The liaison will attempt to include the student's DCF education decision-maker and others who may be involved in education decision-making for the student, such as the student's caseworker, foster parent or caregiver, and the court-appointed special advocate (CASA) liaison. The District foster care liaison may also involve other district staff, as appropriate. The liaison will involve the district transportation director if the individual transportation plan will involve adjustments to existing bus routes.*

*If necessary, the district foster care liaison will identify a short-term transportation strategy that may be used until the final transportation plan is completed so that the student can remain at the school of origin without interruption.*

## **JBCB FOSTER CARE STUDENT REGULATIONS**

*In evaluating transportation options to the school of origin, participants will prioritize student safety, cost effectiveness, reliability, and time and distance of the commute.*

### *Determining Additional Costs*

*To identify whether additional costs will be incurred in an individual transportation plan to transport the student to the school of origin, the foster care liaison will consult with the district transportation director to calculate the cost of transporting the student to the school that the student would otherwise attend, which will be used as a comparison. In accordance with the federal Non-Regulatory Guidance, if the district is able to provide transportation through an established bus route, there are no additional costs. If the district will reroute buses or provide transportation through a private vehicle or transportation company, the district may consider as additional costs the cost of rerouting buses or the difference between the special transportation costs and the usual transportation costs.*

*Administrative costs, such as additional staff time to coordinate transportation, will also be considered in determining whether there are additional costs to transport the student in foster care to the school of origin.*

### *Plan Elements*

*The individual transportation plan may include:*

- 1. A daily transportation strategy;*
- 2. One or more backup transportation strategies;*
- 3. Transportation strategies to allow participation in after-school and extracurricular activities;*
- 4. A description of the funding strategy that will be used if additional costs to transport the student to the school of origin are identified;*
- 5. Identification of who is responsible for each aspect of the transportation strategy;*
- 6. Designation of an adult to accompany younger students, if necessary, such as when public transportation is used;*

## **JBCB FOSTER CARE STUDENT REGULATIONS**

7. *For transportation strategies with multiple segments, sign off procedures to ensure that the student safely and successfully completes each segment;*
8. *A communication protocol between the District and DCF when transportation for a student is no longer needed; and*
9. *A regular review process for adjusting transportation strategies when circumstances change.*

*The final individual transportation plan will require a signature by the foster care liaison and a district official who has authority to approve any additional expenditure. The DCF education decision-maker and the foster parent or caregiver, if different from the education decision-maker, will also be asked to sign the plan.*
